

Appraisal Institute Examination Challenge Application

Individuals can earn designation credit for most courses by challenging the course examination and receiving a passing grade. Also, if you have not taken prerequisite courses for a course to be challenged, please include a letter indicating equivalent educational background (course descriptions are available on our Web site at www.appraisalinstitute.org in the Courses and Seminars section).

The fees for challenging an examination are listed on the next page. Please note that challenge exam fees include a set of course materials sent to you for exam preparation. *Please also note that states will not award QE (Qualifying Education) for challenge exams.*
