AGENCY FOR HEALTH CARE ADMINISTRATION

Medicaid

RULE NO.: 59G-6.010
RULE TITLE: Payment Methodology for Nursing Home Services

PURPOSE AND EFFECT: To incorporate changes to the Florida Title XIX Long-Term Care Reimbursement Plan in accordance with Senate Bill 8A, from the January 2009 Special Session, which created Section 409.908(2), Florida Statutes as follows:

Effective April 1, 2009, there is imposed upon each nursing home facility a quality assessment. The aggregated amount of assessments for all nursing home facilities in a given year shall be an amount not exceeding 5.5 percent of the total aggregate net patient service revenue of assessed facilities. The agency shall calculate the quality assessment rate annually on a per-resident-day basis, exclusive of those resident days funded by the Medicare program, as reported by the facilities. The per-resident-day assessment rate shall be uniform except as prescribed in subsection (3). Each facility shall report monthly to the agency its total number of resident days, exclusive of Medicare Part A resident days, and shall remit an amount equal to the assessment rate times the reported number of days. The agency shall collect, and each facility shall pay, the quality assessment each month. The agency shall collect the assessment from nursing home facility providers by no later than the 15th of the next succeeding calendar month. The agency shall notify providers of the quality assessment and pass through the assessment to residents.

Exempt from the quality assessment:
(a) The following nursing home facility providers are exempt from the quality assessment:
1. Nursing home facilities that are licensed under part II of chapter 400 and located on the campus of continuing care retirement communities operating pursuant to a certificate of authority under chapter 651;
2. Nursing home facilities that have 45 or fewer beds; and
3. The skilled nursing facility units of acute care hospitals licensed by the agency under chapter 395.

(b) The agency may apply a lower quality assessment rate to high-volume Medicaid nursing facilities. The agency shall apply the lower rate to the fewest number of such facilities necessary to meet federal Medicaid waiver requirements.
(c) The agency may apply a lower quality assessment rate to high-patient-volume nursing facilities. The agency shall apply the lower rate to the fewest number of such facilities necessary to meet federal Medicaid waiver requirements.

The purpose of the nursing home facility quality assessment is to ensure continued quality of care. Collected assessment funds shall be used to obtain federal financial participation through the Medicaid program to make Medicaid payments for nursing home facility services up to the amount of nursing home facility Medicaid rates as calculated in accordance with the approved Medicaid state plan in effect on December 31, 2007. The quality assessment and federal matching funds shall be used exclusively for the following purposes and in the following order of priority:
(a) To reimburse the Medicaid share of the quality assessment as a pass-through, Medicaid-allowable cost;
(b) To increase to each nursing home facility’s Medicaid rate, as needed, an amount that restores the rate reductions implemented January 1, 2008, and January 1, 2009;
(c) To increase to each nursing home facility’s Medicaid rate, as needed, an amount that restores any rate reductions for the 2008-2009 fiscal year; and
(d) To increase each nursing home facility’s Medicaid rate that accounts for the portion of the total assessment not included in paragraphs (a)-(c) which begins a phase-in to a pricing model for the operating cost component.

The agency shall seek necessary federal approval in the form of waivers and state plan amendments in order to implement the provisions of this section.

The quality assessment shall terminate and the agency shall discontinue the imposition, assessment, and collection of the nursing facility quality assessment if any of the following occur:
(a) The agency does not obtain necessary federal approval for the nursing home facility quality assessment or the payment rates required by subsection (4); or
(b) The weighted average Medicaid rate paid to nursing home facilities is reduced below the weighted average Medicaid rate to nursing home facilities in effect on December 31, 2008, plus any future annual amount of the quality assessment and the applicable matching federal funds.

Upon termination of the quality assessment, all collected assessment revenues, less any amounts expended by the agency, shall be returned on a pro rata basis to the nursing facilities that paid them.

The agency may seek any of the following remedies for failure of any nursing home facility provider to pay its assessment timely:
(a) Withholding any medical assistance reimbursement payments until such time as the assessment amount is recovered;
(b) Suspension or revocation of the nursing home facility license; and
(c) Imposition of a fine of up to $1,000 per day for each delinquent payment, not to exceed the amount of the assessment.

SUBJECT AREA TO BE ADDRESSED: April 1, 2009 nursing home quality assessment.

PURPOSE AND EFFECT: The proposed rule amendment clarifies guidelines and procedures by which employers subject to stop-work orders for having failed to comply with the coverage requirements of Chapter 440, F.S., and are no longer failing to secure the payment the payment of compensation within the meaning of Section 440.107, F.S., may satisfy the Department that they have come into compliance with Chapter 440, F.S. The amendment provides new language which outlines the terms and conditions under which an employer qualifies to enter into a new Payment Agreement Schedule For Periodic Payment of Penalty. The amendment deletes the requirement that subject employers file probationary periodic reports with the Department and amends Form DFS-F4-1601 (Monthly Payment Installment Invoice) to reflect this change. The proposed amendment also renumbers the rule to reflect the new language. The effect of proposed rule amendment is to extend the payment agreement over a greater time horizon to those employers having demonstrated ongoing compliance with the terms and conditions of the Department’s periodic payment agreement and to streamline the rule’s administration.
SUBJECT AREA TO BE ADDRESSED: Clarifies terms, conditions, and criteria by which employers qualify to reenter into a periodic payment of penalty agreements with the Department. Also, deletes the requirement that subject employers file probationary periodic reports with the Department.

18-21.004 Management Policies, Standards, and Criteria. The following management policies, standards, and criteria shall be used in determining whether to approve, approve with conditions or modifications, or deny all requests for activities on sovereignty submerged lands, except activities associated with aquaculture. The management policies, standards, criteria, and fees for aquacultural activities conducted on or over sovereignty submerged lands are provided in Rules 18-21.020 through 18-21.022, F.A.C.

(1) General Proprietary.
(a) through (j) No change.

(k) No application to use sovereignty, submerged land adjacent to or surrounding an unbridged, undeveloped coastal island or undeveloped coastal island segment may be approved by the Board of Trustees unless it meets the following criteria:
1. through 3. No change.
4. The proposed use is for the purpose of allowing access, for public purposes, to publicly owned uplands or submerged lands for recreation, research, conservation, mosquito control, aquaculture or restoration activities only, and is otherwise consistent with the provisions of Rule Chapter 18-18, 18-20, or 18-21, F.A.C.

(l) through (n) No change.

(2) Resource Management.
(a) through (l) No change.

(m) Aquaculture policy, standards and criteria. The Board of Trustees hereby declares the following policies with regard to aquaculture authorizations leases issued pursuant to this rule.
1. It shall be a policy of the State of Florida to foster aquaculture when the aquaculture activity is consistent with state resource management goals, proprietary interest, environmental protection and antidegradation goals. Further such aquaculture shall not displace existing leases, viable commercial or recreational harvesting areas open to the general public but create new areas for the purification or cultivation of marine resources.
2. The Board will not grant consent for activities that would adversely affect existing aquaculture leases by degrading ambient water quality.
3. The Board will oppose the issuance of any permit which would reasonably be expected to degrade water quality at an aquaculture lease site.
4. The Board shall review the impact of the aquaculture rule amendment concerning the right of first refusal on the revenues generated by the program by January 1992.
5. Aquaculture leases result in the exclusion of the general public from sovereign lands, for the benefit of the individual. Consequently, such leases should be issued only after careful review and upon such conditions that protect the public interest.
6. An aquaculture lease shall contain provisions to ensure adequate marking of the leased area. Such marking shall be sufficient to prevent the aquaculture activity from constituting a nuisance, a hazard to navigation, or a safety hazard.
7. A coordinated review process will be used by the Division of State Lands to ensure that the proposed sites are suitable for aquaculture activities.
8. The area to be leased shall comply with the following standards and criteria:
   a. Riparian rights shall not be unreasonably infringed upon. When reviewing an application from a nonriparian applicant the Department shall consider water depth, location of navigation channels, distance from shore and the width of the waterbody. An aquaculture lease area for a nonriparian applicant can be approved greater than or equal to 100 feet waterward of mean or ordinary high water or greater than or equal to 100 feet waterward of existing structures on sovereignty lands only if the applicant obtains a letter of permission from the upland owner, a greater setback may be required to protect riparian rights.
   b. A setback 25 feet from the riparian lines of adjacent property owners shall be required.
   c. Setbacks from other activities, channels or structures shall also be required to ensure safety, facilitate enforcement abilities or ensure resource management.
   d. The leased area shall not be closer than 100 feet from a marked channel.
   e. The lease shall not be approved for a parcel larger than ten acres for oysters or five acres for clams unless the lease is a voluntary conversion. Exceptions to a ten acre maximum aquaculture lease area may be approved by the Board upon a recommendation from the Division of Marine Resources concerning the ability of the applicant to develop the lease.
   f. The relay or the culture of indigenous or hybridized plants or animals may be approved as an aquaculture activity.
   g. The activity shall not be contrary to the public interest or, if within aquatic preserves, that the activity be consistent with aquatic preserve management plans and rules as determined by the coordinated review required in subparagraph 18-21.005(1)(e)2., F.A.C.
   h. A clam lease shall not be granted in an area where, at the time of inspection by the Division of Marine Resources, it would preempt public access to significant harvestable resources.
   i. An oyster lease shall not be granted in an area where it would preempt public access to significant harvestable resources.
Experimental leases shall be limited to research institutions for noncommercial activities.

k. No lease, other than an experimental lease, shall be issued for a parcel that is within a state park boundary.

(n) through (o) No change.

(3) through (6) No change.

(7) General Conditions for Authorizations. All authorizations granted by rule or in writing under Rule 18-21.005, F.A.C., except those for aquaculture activities and geophysical testing, shall be subject to the general conditions as set forth in paragraphs (a) through (i) below. The general conditions shall be part of all authorizations under this chapter, shall be binding upon the grantee, and shall be enforceable under Chapter 253 or 258, Part II, F.S.

(a) through (d) No change.

(e) An aquaculture lease or an existing clam or oyster lease is required for the relay of shellfish from polluted waters for purification or the culture of plant and animal life within the bottom or water column of sovereignty lands which preempts the recreational or commercial use by the general public.

1. The Division of State Lands shall coordinate or require the applicant to provide the items incidental to the review process and agenda preparation for applications to lease submerged lands which can include the water column for aquaculture in order to determine that proposed sites are suitable for aquaculture activities. State Lands shall also coordinate the agenda preparation for voluntary conversions of shellfish leases to aquaculture leases after the Division of Marine Resources has provided the results of a coordinated review for such conversions to State Lands.

f. The county commission has been given thirty days to review the project application pursuant to Section 253.68, F.S.

g. The municipality has been given thirty days to review the application, when applicable, to review the application based on any applicable local plans and ordinances and to recommend, by resolution, that the Board approve or deny the application. No response shall be considered as no objection.

(f) through (g) renumbered (e) through (f) No change.

(2) No change.

(3) Requests for sales, exchanges, leases, aquaculture leases, and easements on sovereignty submerged lands shall be processed in accordance with the notice and hearing requirements of Section 253.115, F.S., except easements that qualify for a general permit or a noticed general permit under Chapter 373, F.S., provided that the proposed activity is not of heightened public concern. When noticing is required under Section 253.115, F.S., the applicant shall provide a list of names and addresses from the latest county tax assessment roll, of all property owners within a 500-foot radius of the proposed lease or easement boundary. In lieu of the Board providing notice of application for lease or easement, an applicant may elect to send the notice, provided the notice is sent by certified mail, with the return-receipt card addressed to the Department or to DACS, as applicable.

The lease fee amount shall be determined by competitive bid or negotiation. The Department shall require the applicant to cause notice of each lease proposal to be published in a newspaper in the county in which the parcel is situated once a week for three consecutive weeks. If bidding is required, the bid amount, representing the first year's lease fee shall be submitted prior to the advertised closing date and time. Competitive bids for aquaculture leases shall be written offers which shall include the advertised fee for the first lease year, the amount offered above such fee for said first year being a competitive bid. The consideration offered shall accompany the written offer and shall be returned to the unsuccessful bidders upon award of the lease, rejection of all bids, or the matching of the high bid by the existing leaseholder.

4. The successful bidder shall reimburse the original applicant for his documented application and advertising fees.

(1) Intent – It is in the state’s economic, resource enhancement, and food production interest to promote aquacultural production of food and non-food aquatic species by facilitating the review and approval processes for authorizing the use of sovereignty submerged lands and water columns for aquacultural purposes. Aquaculture development should be fostered when the aquaculture activity is consistent with state resource management goals, proprietary interest, environmental protection, the state aquaculture plan, and the public interest, as expressed in Section 258.42, F.S.

(2) Forms of authorization – For the purpose of Rules 18-21.020, 18-21.021 and 18-21.022, F.A.C., conducting aquacultural activities on sovereignty submerged lands and in
the water column shall be authorized by an aquaculture lease, an aquaculture letter of consent, or an aquaculture management agreement.

(a) An aquaculture lease is required for all revenue-generating aquacultural activities conducted on or over sovereignty submerged lands, except those aquacultural activities associated with an aquaculture facility that qualifies for an aquaculture letter of consent pursuant to subsection 18-21.020(5), F.A.C., or an aquaculture management agreement pursuant to subsection 18-21.020(6), F.A.C.

(b) A letter of consent shall be issued for aquaculture activities that meet the requirements of subsection 18-21.020(5) and Chapter 5L-3, F.A.C.

(c) An aquaculture management agreement shall be issued for public and private entities to conduct certain aquacultural activities for educational, scientific, demonstration and experimental purposes when such activities meet the requirements of subsection 18-21.020(6), F.A.C., and education is the primary objective.

(3) Aquaculture general standards and criteria – The following standards and criteria shall be used in determining whether to authorize, authorize with conditions or modifications, or deny all requests to conduct aquacultural activities on sovereignty submerged lands.

(a) Aquacultural activities on sovereignty submerged lands or water columns shall be authorized only when the proposed activity has been determined to be a water dependent aquaculture activity and upon such conditions that protect the public interest.

(b) DACS shall consider location of the site, water body, water depth, navigation and safety hazards, channels, distance from shore, presence of fish and wildlife habitat, presence of submerged resources, threatened and endangered species, presence of threatened and endangered species habitat, user conflicts, and resource management when reviewing a request for an aquaculture lease, an aquaculture letter of consent, or an aquaculture management agreement.

(c) Aquacultural activities shall not prevent ingress and egress of vessels in marked channels, or in unmarked channels that provide the only means of passage.

(d) All aquaculture leases, aquaculture letters of consent, or aquaculture management agreements for aquacultural activities on sovereignty submerged lands shall contain such terms, conditions and restrictions as deemed necessary by the Board to protect and manage sovereignty lands.

(e) The management policies provided in paragraphs 18-21.004(1)(e), (g), (h), and (k), F.A.C., shall be applied when considering whether to authorize aquacultural activities on sovereignty submerged lands. However, paragraph 18-21.004(1)(k), F.A.C., shall not apply to applications for aquaculture activities which request the exclusive use of the water bottom for cultivation adjacent to unbridged, undeveloped coastal islands.

(f) The management policies provided in paragraphs 18-21.004(2)(e), (f), (g), and (h), F.A.C., involving filling, shoreline stabilization, or severance of material shall be applied when considering whether to authorize aquacultural activities on sovereignty submerged lands.

(g) Aquacultural activities on sovereignty submerged lands shall be designed to minimize or eliminate adverse impacts on fish and wildlife habitat, including: sea grasses, endangered and threatened species, wetland vegetation, and water quality.

(h) Authorizations under this rule shall prohibit the cultivation of non-indigenous, or hybrids of non-indigenous, plants and animals.

(i) Riparian rights shall be protected pursuant to subsection 18-21.004(3), F.A.C.

(j) Authorization of aquacultural activities on sovereignty submerged lands, including aquatic preserves, shall be consistent with Chapters 18-18 and 18-20, F.A.C., and Section 258.42, F.S., when applicable.

(k) Upon issuance of an aquaculture lease or an aquaculture management agreement, DACS shall send a copy of the document and accompanying survey to the Title and Land Records Section, Division of State Lands in the Department of Environmental Protection for filing in the permanent title records of the Board.

(l) No authorization, other than a management agreement, shall be issued for a parcel within a state park boundary.

(m) Aquacultural activities that are conducted in accordance with best management practices adopted under Chapter 5L-3, F.A.C., are exempt from the provisions of Rule 18-21.00401, F.A.C. Activities for which best management practices have not been adopted pursuant to Chapter 5L-3, F.A.C., and require a permit under Part IV of Chapter 373, F.S., shall be subject to concurrent review in accordance with Rule 18-21.00401, F.A.C., and provided that DACS and the Department of Environmental Protection shall issue a joint recommended consolidated intent. Application for an aquaculture authorization will be submitted to DACS and the joint application for an environmental resource permit shall be submitted to the Department of Environmental Protection as required.

(n) Applications for aquaculture docks in the Florida Keys shall comply with the provisions in Rule 18-21.0041, F.A.C.

(4) Specific standards and criteria for aquaculture leases. Leased areas shall comply with the following:

(a) An aquaculture lease is only to be used to conduct aquacultural activities on sovereignty submerged lands and the overlying water column, or for activities associated with an on-shore aquaculture facility. Allowable aquaculture activities on an on-shore aquaculture facility or aquaculture dock include hatchery and nursery cultivation systems, intake and discharge pipes, pumps, loading and off-loading aquaculture products,
(b) Aquaculture lease applications shall require coordinated review pursuant to Rule 18-21.021, F.A.C., to ensure that the proposed sites are suitable for aquacultural activities.

(c) When the leased area is within an aquatic preserve, research reserve, marine sanctuary, or state park, the activity shall be compatible with the managed area’s management plan, or prevailing management policies when a management plan has not been developed, and consistent with Sections 258.42 and 373.406, F.S., as determined by the coordinated review required in subparagraph 18-21.021(1)(d), F.A.C.

(d) DACS shall recommend that the Board create a high-density lease area when it receives ten or more individual lease applications in the same water body within a six month period to encourage regional aquacultural and economic development, facilitate resource management, reduce potential adverse environmental impacts, and reduce user conflicts.

(e) Riparian rights shall not be infringed upon. An aquaculture lease area for a nonriparian applicant shall not be approved when the distance is less than or equal to 100 feet waterward of mean or ordinary high water or less than or equal to 100 feet waterward of existing structures and permitted activities on sovereignty lands, unless the applicant obtains a letter of concurrence from the upland riparian owner. The Board shall establish greater setbacks to protect riparian rights when upland uses, ingress and egress, or activities on or over sovereignty submerged lands would be limited by the proposed aquaculture activity.

(f) Aquaculture leases shall contain provisions to ensure that the lease area is marked and that markers are maintained for the term of the lease. Such marking shall be adequate to inform the public of the activity and assist the leaseholder in identifying potential navigation and safety hazards.

(g) The leased area in aquaculture leases shall comply with the following:

1. A setback of 25 feet from the riparian lines of adjacent properties shall be required unless a letter of concurrence from the adjacent property owners waives the setback requirement.

2. Setbacks from other activities, channels or structures shall also be required, as needed, to ensure safety, facilitate enforcement abilities and ensure resource management.

3. The leased area shall not be approved for a parcel larger than ten acres for oysters or five acres for clams, unless the lease is a voluntary conversion of a shellfish lease issued under Section 597.010, F.S. The Board shall approve a larger lease size if it determines, based on the applicant’s business plan and ability to develop a larger parcel, that additional area can be supported by the applicant.

4. The leased area shall not be approved for a parcel larger than ten acres for oysters or five acres for clams, unless the lease is a voluntary conversion of a shellfish lease issued under Section 597.010, F.S. The Board shall approve a larger lease size if it determines, based on the applicant’s business plan and ability to develop a larger parcel, that additional area can be supported by the applicant.

5. Specific standards and criteria for an aquaculture letter of consent.

(a) Use of sovereignty submerged lands for aquacultural activities associated with on-shore aquaculture facilities that are not included in an aquaculture lease, aquaculture dock lease, or state lands lease, and which are used by aquaculture producers in planting, growing, harvesting, and transporting aquacultural products, on or over sovereignty submerged lands, shall be authorized by a letter of consent. Such activities
include hatchery and nursery cultivation, intake and discharge pipes and pumps, areas in which loading and off-loading of aquacultural products occur, and mooring of not more than four vessels. To qualify for a letter of consent, such facilities must conform to the following criteria:

1. Be constructed and operated, as appropriate, in compliance with Chapters 18-18, 18-20, 18-21, and 5L-3, F.A.C., and the applicable permits issued by the Department of Environmental Protection under Chapter 373, F.S.; and the applicant has obtained and maintains a valid aquaculture certification pursuant to Chapter 597, F.S.

2. Occupy no more than 2,000 square feet of sovereignty submerged lands.

3. Be constructed so as to result in minimal adverse impacts on fish and wildlife habitat.

4. Follow the setback required in this section to protect riparian rights, unless the applicant obtains a letter of concurrence from the neighboring upland property owner.

(b) No more than one letter of consent shall be authorized for a single individual, company or corporation for contiguous parcels, structures, or activities, if such action is determined to circumvent the requirements in this section.

(c) Any use of sovereignty submerged lands for aquacultural activities that do not conform to these criteria shall obtain an aquaculture lease, a standard sovereignty submerged lands lease, or an easement, as appropriate under this chapter.

(d) If an area subject to a consent of use is within an aquatic preserve, research reserve, marine sanctuary, or state park, the activity shall be consistent with the managed area’s management plan, or with prevailing management policies when a management plan has not been developed, and consistent with Sections 258.42 and 373.406, F.S. Applications for aquaculture management agreements in managed areas shall be reviewed by the Department of Environmental Protection, as determined by the coordinated review required in paragraph 18-21.021(1)(f), F.A.C.

(d) Riparian rights shall not be infringed upon.

(e) The area subject to an aquaculture management agreement shall be marked, and the markers maintained for the term of the agreement. Such marking shall be adequate to inform the public of the activity and alert the public of potential navigation or safety hazards.

(f) Establish setbacks from other activities or structures as required to ensure safety, facilitate enforcement abilities and ensure resource management.

(g) Ensure that the cultivation of indigenous, or hybrids of indigenous, plants or animals is consistent with Chapter 597, F.S. Relaying activities shall be conducted pursuant to subsection 597.010(19), F.S.

(h) Aquaculture management agreements must be approved by the Board.

(7) Leaseholders possessing oyster and clam leases granted under provisions of former chapter 370, F. S., prior to 1985, shall convert to an aquaculture lease if they wish to include the water column in the leased area. Lease conversions shall be subject to the applicable provisions of Rules 18-21.020, 18-21.021, and 18-21.022, F.A.C., when the requested modification requires changing the proposed use or expanding the lateral extent of the existing lease area.

(8) When the water quality designation, including the shellfish harvesting area designation, that is necessary for the particular activity is lost due to degradation of water quality, and water quality degradation is not due to the aquacultural activity, the leaseholder shall have the option of:

(a) Canceling the lease;

(b) Conducting an aquaculture activity that is consistent with the change in water quality with prior written approval of the Board; or

(c) Retaining the lease.

PURPOSE AND EFFECT: The purpose of amending Chapter
59B-9, F.A.C., is to standardize this rule with Chapter 59E-7,
F.A.C., requirements and align current data elements collected
to the uniform bill for institutional facilities (UB-04), as
approved by the National uniform Billing Committee (NUBC)
effective October 1, 2007. Additional clarification is necessary
to refine ambulatory services, inclusion of report deadlines,
define resubmission requirements, patient data release, and
coincide terminology to national standards.

SUMMARY: Amendment to Chapter 59B-9, F.A.C., will
enable standardization between both data sets for requirements
that were omitted and/or conflicting with Chapter 59E-7,
F.A.C. It will facilitate direct data elements correlation from
the UB-04 source document and therefore decrease potential
errors introduced by having to re-map elements from the
UB-04 to the expired UB-92 source document format. The rule
contains report deadlines based on an outdated collection
system where facility reports were submitted on mailed
diskettes. Current electronic data submission applications
expedite the collection process time negating the need for
extended time frames. Shortened deadlines will afford quicker
data availability to meet the growing demand by researchers
and consumers who desire current data access on the consumer
website and available for purchase.

REGULATORY COSTS: No Statement of Estimated
Regulatory Cost was prepared.

Any person who wishes to provide information regarding a
statement of estimated regulatory costs, or provide a proposal
for a lower cost regulatory alternative must do so in writing

PURPOSE AND EFFECT: The purpose of amending Chapter 59E-7, F.A.C., is to align the current data elements collected to the uniform bill for institutional facilities (UB-04), as approved by the National uniform Billing Committee (NUBC) effective October 1, 2007. Additional revision is necessary to incorporate collection of rehabilitative discharges, shorten report deadlines, define resubmission requirements, patient data release, clarifications, and conform terminology to national standards.

SUMMARY: Amending Chapter 59E-7, F.A.C., will facilitate direct data elements correlation from the UB-04 source document and therefore decrease potential errors introduced by having to re-map elements from the UB-04 to the expired UB-92 source document format. Inclusion of the rehabilitative discharge data, currently collected through a separate application, will allow a uniform collection process for all institutional data and staff resources. The rule contains report deadlines based on an outdated collection system where facility reports were submitted on mailed diskettes. Current electronic data submission applications expedite the collection process time negating the need for extended time frames. Shortened deadlines will afford quicker data availability to meet the growing demand by researchers and consumers who desire current data access on the consumer website and available for purchase.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
65G-4.0023 Tier Two Waiver

PURPOSE AND EFFECT: To comply with Section 393.0661, F.S., requiring the Agency to implement the Second Tier of a Four Tiered Waiver System to serve clients with developmental disabilities.

SUMMARY: As amended in HB 5087 in 2008, Section 393.0661, F.S., now requires that the Agency amend the criteria for Tier Two of the Four Tiered Waiver System so that residential habilitation service clients are categorized by a moderate level of standard support or a minimal level of support for behavior focus residential habilitation services.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: Pursuant to Section 120.541, F.S., the Agency for Persons with Disabilities provides a summary of the Statement of Estimated Regulatory Costs (SERC). Rule 65G-4.023, F.A.C., is being revised to conform with the statutory change enacted in the 2008 legislative session, effective July 1, 2008. As amended in HB 5087 in 2008, Section 393.0661, F.S., now requires that the Agency amend the criteria for Tier Two of the Four tiered Waiver System so that residential habilitation service clients are categorized by a moderate level of standard support or a minimal level of support for behavior focus residential habilitation services rather than by an hourly minimum. With regard to paragraphs (a) and (b) above, the Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested change.

(15) A Development will be withdrawn from funding and any outstanding commitments for funds will be rescinded if at any time the Board of Directors determines that the Applicant’s Development or Development team is no longer the Development or Development team described in the
Application, and the changes made are prejudicial to the Development or to the market to be served by the Development.

(16) If an Applicant or Developer or any Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer has any existing Developments participating in any Corporation programs that remain in non-compliance with the IRC, Title 67, F.A.C., this rule chapter, or applicable loan documents, and any applicable cure period granted for correcting such non-compliance has ended as of the time of submission of the Application or at the time of issuance of a Credit Underwriting Report, the requested allocation will, upon a determination by the Board of Directors that such non-compliance substantially increases the likelihood that such Applicant or Developer will not be able to produce quality affordable housing, be denied and the Applicant or Developer and the Affiliates of the Applicant or Developer will be prohibited from new participation in any of the Corporation’s programs for the subsequent cycle and continuing until such time as all of their existing Developments participating in any Corporation programs are in compliance.

(17) When two or more Applications receive the same numerical score, the Applications will be ranked as outlined in the Application instructions.

(18) At no time during the Application, scoring and appeal process may Applicants or their representatives contact members of the Board of Directors concerning their own Development or any other Applicant’s Development. At no time from the Application Deadline until after issuance of the final scores as set forth in subsection (9) above, may Applicants or their representatives verbally contact Corporation staff concerning their own Application or any other Applicant’s Application. If an Applicant or its representative does contact a member of the Board of Directors in violation of this section, the Board of Directors shall, upon a determination that such contact was deliberate, disqualify such Applicant’s Application.

(19) Applicants may withdraw an Application from consideration only by submitting a written notice of withdrawal to the Corporation Clerk. Applicants may not rescind any notice of withdrawal that was submitted to the Corporation Clerk. For ranking purposes, the Corporation shall disregard any withdrawal that is submitted after 5:00 p.m., Eastern Time, 14 Calendar Days prior to the date the Board of Directors is scheduled to convene to consider approval of the final rankings of the Applications and such Application shall be included in the ranking as if no notice of withdrawal had been submitted. After the Board of Directors has approved the final ranking, any notice of withdrawal submitted during the time period prohibited above and before the Board of Directors approves the final ranking, shall be deemed withdrawn immediately after Board approval of the final ranking. If an Applicant has applied for or been awarded funding from two or more programs, the withdrawal by the Applicant from any one program will be deemed by the Corporation to be a withdrawal of the Application from all programs.

(20) The name of the Development provided in the Application may not be changed or altered after submission of the Application during the history of the Development with the Corporation unless the change is requested in writing and approved in writing by the Corporation. The Corporation shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant such request.

(21) If an Applicant or any Affiliate of an Applicant has offered or given consideration, other than the consideration to provide affordable housing, with respect to a local contribution and this is discovered prior to Board of Directors approval of the ranking, the Corporation shall reject the Application and any other Application submitted by the same Applicant and any Affiliate of the Applicant. If discovered after the Board of Directors approves final ranking, any tentative funding or allocation for the Application and any other Application submitted in the same cycle by the same Applicant and any Affiliate of the Applicant will be withdrawn. Such Applicant and any of such Applicant’s Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two years, which will begin the date the Board of Directors issues a final order on such matter in a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S.

(22) The Corporation shall initiate TEFRA Hearings on the proposed Developments whose Applications were Received by the Application Deadline. Neither the TEFRA Hearing, the invitation into Credit Underwriting, nor the Acknowledgment Resolution obligate the Corporation to finance the proposed Development in any way.

(23) Upon receipt of the Credit Underwriting Report, the Corporation shall submit the Application to its Financial Advisor for a preliminary recommendation of the method of bond sale for each Development pursuant to Rule 67-21.0045, F.A.C.

(24) Proposed Developments that are ranked, but not selected by the Board of Directors to enter Credit Underwriting, remain on the ranked list in the event State Bond Allocation becomes available to fund additional Developments. If the current year’s State Bond Allocation designated by the Board of Directors for the MMRB Program is insufficient to fully finance a Development, subject to the provisions of subsection 67-21.003(10), F.A.C., permitting reduction of the requested amount, a new Application must be filed to be eligible for a future year’s State Bond Allocation.
(25) The Corporation shall notify the Applicant, in writing, of the Board of Directors determination related to approval of the Credit Underwriting Report and require the Applicant to submit one-half of the Good Faith Deposit within 7 Calendar Days from the receipt of such notice.

(26) Upon favorable recommendation of the Credit Underwriting Report and preliminary recommendation of the method of bond sale from the Corporation’s Financial Advisor, the Board of Directors shall designate by resolution the method of bond sale considered appropriate for financing. The Board of Directors shall consider authorizing the execution of the Loan Commitment and shall consider final Board of Directors approval reserving State Bond Allocation for a Development. Requests for Taxable Bonds shall be considered by the Board of Directors in an amount recommended by the Credit Underwriter. The Board of Directors shall also assign a bond underwriter, structuring agent, or Financial Advisor and any other professionals necessary to complete the transaction. Staff shall assign the Corporation Bond Counsel and Special Counsel and Trustee as needed.

(27) Following receipt of one-half of the Good Faith Deposit, the Corporation’s assigned Special Counsel shall begin preparation of the Loan Commitment.

(28) Upon execution of a Loan Commitment, Applicant shall pay the balance of the Good Faith Deposit and the Corporation shall authorize Bond Counsel and Special Counsel to prepare the Program Documents.

(29) For computing any period of time allowed by this rule, the day of the event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday or legal holiday, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday.

(1) At the conclusion of the review and scoring process established by Rule 67-21.003, F.A.C., each Applicant will be provided with its final score and notice of rights, which shall constitute the point of entry to contest any issue related to the Applicant’s Application for the MMRB Program.

(2) Each Applicant that wishes to contest its final score must file a petition with the Corporation within 21 Calendar Days after the date the Applicant receives its notice of rights. The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue and score sought to be challenged. If the petition does not raise a disputed issue of material fact, the challenge will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered by the designated hearing officer which will then be considered by the Board of Directors.

(3) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its own Application shall be allowed the opportunity to submit written arguments to the Board of Directors. Any written argument should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board of Directors. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(4) Following the entry of final orders in all petitions filed pursuant to Section 120.57(2), F.S., and in accordance with Rule Chapter 67-21, F.A.C., the Corporation shall issue final rankings. For an Applicant that filed a petition pursuant to Section 120.57(1), F.S., which challenged the scoring of its own Application but has not had a final order entered as of the date the final rankings are approved by the Board of Directors, the Corporation shall, if any such Applicant ultimately obtains a final order that modifies the score so that its Application would have been in the funding range of the applicable final ranking had it been entered prior to the date the final rankings were presented to the Board of Directors, provide the requested allocation from the next available allocation, whether in the current year or a subsequent year. Nothing contained herein shall affect any applicable Credit Underwriting requirements.

(5) Each Applicant will be provided with a final ranking of all Applications and notice of rights, which shall constitute the point of entry to contest any ranking or scoring issue related to any other Applications for the MMRB Program. An Applicant that wishes to contest the final ranking or score of another Applicant may do so only if:

(a) The competing Applicant files a petition on or before the 21st Calendar Day after the receipt of the notice of rights pursuant to this subsection (5). The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue, score or ranking sought to be challenged.

1446   Section II - Proposed Rules
(b) For any Application cycle closing after January 1, 2002, if the contested issue involves an error in scoring, the contested issue must (i) be one that could not have been cured pursuant to subsection 67-21.003(14), F.A.C., or (ii) be one that could have been cured, if the ability to cure was not solely within the Applicant’s control. The contested issue cannot be one that was both curable and within the Applicant’s sole control to cure. With regard to curable issues, a petitioner must prove that the contested issue was not feasibly curable within the time allowed for cures in subsection 67-21.003(6), F.A.C.

(c) The competing Applicant alleges facts in its petition sufficient to demonstrate that, but for the specifically identified threshold, scoring or ranking errors in the challenged Application, its Application would have been in the funding range at the time the Corporation provided the Applicant with its final ranking.

(d) If the petition does not raise a disputed issue of material fact, the appeal will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered which will then be considered by the Board of Directors.

(6) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding as described in subsection (5) above concerning the final ranking of another Application, shall be allowed the opportunity to submit written arguments to the Board of Directors. Any written arguments should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board of Directors. Parties will not be permitted to make oral presentations to the Board of Directors in response to recommended orders.

(7) For those Applicants that have filed a petition pursuant to subsection (5) above, the Corporation shall, if any such Applicant ultimately obtains a final order that demonstrates that its Application would have been in the funding range of the applicable final ranking, provide the requested allocation from the next available allocation, whether in the current year or a subsequent year. Nothing contained herein shall affect any applicable credit underwriting requirements. The filing of a petition pursuant to subsection (5) above shall not stay the Corporation’s provision of funding to Applicants per the final rankings referenced in subsection (4) above.

(12) The Applicant may limit the leasing of units in a Development to Elderly Persons, Commercial Fishing Workers, Homeless Persons or Farmworkers as permitted hereby.

(a) A viable marketing plan is submitted to and is acceptable to the Corporation showing a good faith effort to market the unit as Elderly Housing.

(b) The Applicant demonstrates that a good faith effort was made to lease the unit as Elderly Housing and that such effort was made for at least six months after the certificate of occupancy for the relevant unit was issued.

(c) The Applicant has requested and received Board of Directors’ approval that the Development no longer qualifies as Elderly Housing.

67-21.007 Fees.

In addition to the fees specified in the Universal Application Package, the Corporation shall collect the following fees and charges in conjunction with the MMRB Program:

(1) TEFRA Fee: Applicants shall submit a non-refundable TEFRA fee to the Corporation in the amount of $500 by the Application Deadline, or, for refusals or 501(c)(3) Applicants, upon submission of the Application or request for refunding. This fee shall be applied to the actual cost of publishing required newspaper advertisements and Florida Administrative Weekly notices of TEFRA Hearings. If the actual cost of the required publishing exceeds $500, Applicant shall be invoiced for the difference. If a Local Public Fact Finding Hearing is requested, the Applicant shall be responsible for payment of any fees incurred by the Corporation. If the first TEFRA approval period has expired and a second TEFRA notice and hearing are required, Applicant is responsible for all costs associated with the additional TEFRA process.

(2) Credit Underwriting and Appraisal Fee: Applicants shall submit the required non-refundable Credit Underwriting and Appraisal Fee for each Development to the Credit Underwriter designated by the Corporation within seven Calendar Days of the date the Applicant accepts the invitation by the Corporation to enter the Credit Underwriting process and prior to final credit review by the Credit Underwriter. The Credit Underwriting fee shall be determined pursuant to a contract between the Corporation and the Credit Underwriter.

(3) Good Faith Deposit means a total deposit equal to one percent of the Loan amount reflected in the Loan Commitment paid by the Applicant to Florida Housing. The Applicant shall pay a total deposit equal to one percent of the aggregate principal amount of proposed Taxable and Tax-exempt Bonds, or $75,000, whichever is greater, to the Corporation, which deposit may be applied toward the Cost of Issuance Fee. The maximum Good Faith Deposit required is $175,000. The Good Faith Deposit is payable in two equal installments: the first installment (one-half of one percent) is due within seven Calendar Days of the date the Board of Directors approves the Credit Underwriting Report. The balance is payable no later than the date when the Applicant executes the Loan Commitment. If the Good Faith Deposit is exhausted, the
Applicant shall be required to pay, within three days of notice, an additional deposit to ensure payment of the expenses associated with the processing of the Application, the sale of the Bonds, including document production and the securitization of the Loan. The Good Faith Deposit shall be remitted by certified check or wire transfer. In the event the MMRB Loan does not close, the unused portion of the Good Faith Deposit shall be refunded to the Applicant. Notwithstanding the foregoing, the Applicant is responsible for all expenses incurred in preparation for loan closing. Any and all costs of the Corporation will be deducted from the Good Faith Deposit prior to refunding any unused funds to the Applicant. In the event that additional invoices are received by the Corporation subsequent to a determination that the MMRB Loan will not close and refunding any unused funds to the Applicant, which invoices related to costs incurred prior to such determination and refunding, Applicant shall be responsible for payment of the balance due as invoiced.

4) Cost of Issuance Fee: the Corporation shall require Applicants or participating Qualified Lending Institutions selected for participation in the program, to deliver to the Corporation, or, at the request of the Corporation, directly to the Trustee, before the date of delivery of the Bonds, a Cost of Issuance Fee in an amount determined by the Corporation to be sufficient to pay the costs and expenses relating to issuance of the Bonds, which amount shall be deposited into an account to be held by the Trustee. The Corporation shall provide the Applicant with a good faith estimate of the Cost of Issuance Fee prior to closing. The Applicant shall pay all costs and expenses incurred by the Corporation in connection with the issuance of the Bonds, the expenditure of the MMRB Loan proceeds, and provision of Credit Enhancement, if any, even if such costs and expenses exceed the Cost of Issuance Fee. Any amounts remaining in this account at the time the balance is transferred and the account closed pursuant to the Trust Indenture shall be returned to the Applicant.

5) HUD Risk Sharing Fees: Applicants also using the HUD Risk Sharing Program for the Development shall be responsible for associated fees, as follows:

(a) Format II Environmental Review Fee – The fee the Applicant shall pay will be determined by contract between the Corporation and the environmental professional.

(b) Subsidy Layering Review Fee – The fee the Applicant shall pay will be determined by the contract between the Corporation and the Credit Underwriter.

6) Compliance Monitoring Fees: The annual monitoring fee the Applicant shall pay will be determined by contract between the Corporation and the monitoring agent.

7) Permanent Loan Servicing Fees: The annual servicing fee the Applicant shall pay will be determined by contract between the Corporation and the servicer.

8) Financial Monitoring Fees: The annual financial monitoring fee the Applicant shall pay will be determined by contract between the Corporation and the monitoring agent.

9) Other Corporation Program Fees:

(a) Housing Credit Fees – If Housing Credits are used for the Development, the Compliance Monitoring Fee for that program shall be collected from the Applicant in conjunction with the Compliance Monitoring Fee for the program.

(b) Florida Affordable Housing Guarantee Program Fees – If the Guarantee Program is used in the Development, the same fee schedule described in Rule Chapter 67-39, F.A.C., shall apply and be paid by the Applicant to the Corporation.

10) Developer Fee shall be limited to 18 percent of Total Development Cost excluding land. Consulting fees, if any, must be paid out of the Developer Fee. Consulting fees include payments for Application consultants, construction management or supervision, or Local Government consultants. Fees of the Applicant’s or Developer’s attorney(s) awarded in conjunction with litigation against the Corporation with respect to a Development shall also not be included in Total Development Costs. Fees for services provided by architects, accountants, appraisers, engineers or Financial Advisors may be included as part of the Total Development Costs, except that those fees for a Financial Advisor that are in excess of $18,000 must be paid out of the Developer Fee. In the event of extraordinary circumstances, Applicant may petition the Board for relief from the cap on Financial Advisor fees. The Corporation shall not authorize fees to be paid for duplicative services or duplicative overhead.

11) General Contractor’s Fees are inclusive of general requirements, profit and overhead and shall be limited to 14 percent of hard costs, excluding any hard cost contingencies. For the purpose of the HUD Risk Sharing Program, if there exists an Identity of Interest as defined herein between the Applicant or Developer and the General Contractor, the allowable fees shall in no case exceed the amount allowable pursuant to the HUD subsidy layering review requirements. Additionally, fees shall be allowed to be paid only to the person or entity that actually meets the definitional requirements to be considered a General Contractor. The Corporation shall not allow fees for duplicative services or duplicative overhead. The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor’s budget;

(b) Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor’s budget;

(c) Secure building permits, issued in the name of the General Contractor;
(d) Secure a payment and performance bond (or approved alternate security for General Contractor’s performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least “A-” by AMBest & Co.;

(e) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted; and

(f) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity unless otherwise approved by the Board for a specific Development.

67-21.014 Credit Underwriting Procedures.

(1) An invitation into Credit Underwriting shall require that the Applicant submit the Credit Underwriting and Appraisal Fee and information required to complete the Credit Underwriting, to the Credit Underwriter in accordance with the schedule established by the Corporation upon the recommendation of the Credit Underwriter. Failure to submit the Credit Underwriting and Appraisal Fee or meet the deadlines as set forth in the schedule shall result in the immediate termination of Credit Underwriting activities and the Application shall be moved to the bottom of the ranked list.

(2) The Credit Underwriter shall in Credit Underwriting analyze and verify all information in the Application, or any proposed changes made subsequent thereto, in order to make a recommendation to the Board of Directors on the feasibility of the Development, without taking into account the willingness of a Credit Enhancer to provide Credit Enhancement. Credit Underwriting services shall include, for example, a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, and the evidence of need for affordable housing in order to determine that the Development meets the MMRB Program requirements. The Credit Underwriter shall determine a recommended Bond amount that should be made to a Development, whether an initial loan or a refunding.

(a) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of normal underwriting procedures, the cost of such expertise shall be borne by the Applicant.

(b) The Credit Underwriter shall review the proposed financing structure to determine whether the MMRB Loan is feasible.

(c) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves when calculating the final net operating income available to service the debt. A minimum amount of $250 per unit must be deposited annually in the replacement reserve account for all Developments. An Applicant may choose to fund a portion of the replacement reserves at closing from moneys other than the proceeds of the Bonds. This partial funding cannot exceed 50 percent of the required replacement reserves for two years and must be placed in escrow with the Bond Trustee at closing. Applicants with Credit Enhancement may employ a different replacement reserve structure with the Corporation’s approval.

(d) The Corporation shall consider the following when determining the need for construction completion guarantees based on the recommendations of the Credit Underwriter:

1. Liquidity of any guarantee provider.

2. Applicant’s, Developer’s and General Contractor’s history in successfully completing Developments of similar type.

3. The past performance of the Applicant, Developer, General Contractor, or management agent, in developing, constructing or managing Developments financed by the Corporation or its predecessor, including, by way of example and not limitation, nonpayment of fees and noncompliance with program requirements.
4. Percentage of the Corporation’s funds utilized compared to Total Development Costs. At a minimum, the corporate general partner of the borrowing entity shall provide a personal guarantee for completion of construction. In addition, a letter of credit or payment and performance bond shall be required if the Corporation determines upon recommendation of the Credit Underwriter after evaluation of conditions in subparagraphs 1. through 3., above, that additional surety is needed.

(e) The Credit Underwriter shall review and make a recommendation to the Corporation whether the number of existing loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation Development.

(f) The Credit Underwriter shall consider the appraisal of the Development and other market study documentation to make a recommendation as to whether the market exists to support both the demographic and income restriction set-asides committed to within the Application. The Credit Underwriter shall consider the market study and other documentation to make a recommendation of whether to approve or disapprove an allocation when the proposed Development would financially impair an existing Development previously funded by the Corporation. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.

(g) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process to complete the Credit Underwriting Report, the Credit Underwriter shall notify the Corporation and request the information from the Applicant. Such requested information shall be submitted within ten business days of receipt of the request therefor. Failure for any reason to submit required information on or before the specified deadline shall result in the Application being moved to the bottom of the ranked list.

(h) At a minimum, the Credit Underwriter shall require the following information during Credit Underwriting:

1. For Credit Enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year’s audited statements will be provided until the current statements are published or Credit Underwriting is complete.

2. For guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If audited financial statements are not available, unaudited financial statements prepared by an independent licensed Certified Public Accountant within the last 90 days and reviewed by the Credit Underwriter in accordance with Part III, Sections 604 through 607, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective November 6, 2003, which is incorporated by reference and available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links, and the two most recent years tax returns. If the entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

3. For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost is issued in the name of the General Contractor by a company rated at least “A-” by AMBest & Co.

4. For the Applicant and General Partner, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If the entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

(i) The Credit Underwriter shall require an operating deficit guarantee. The operating deficit guarantee will be released when the Development achieves an average 1.15 debt service coverage ratio on the MMRB Loan and 90 percent occupancy and 90 percent of the gross potential rental income, all for twelve (12) six consecutive months as certified by an independent Certified Public Accountant, and verified by the Credit Underwriter.

(j) The Credit Underwriter shall also require environmental indemnity and recourse obligation guarantees.

(k) Required appraisals, market studies, pre-construction analyses, physical needs assessments, and environmental studies (other than Phase I Environmental Site Assessments) shall be completed by professionals approved by the Credit Underwriter. Approval of appraisers and contractors to complete market and environmental studies shall be based upon review of qualifications, professional designations held, references and prior experience with similar types of Developments.

(l) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice, which is adopted and incorporated herein by reference, and a separate market study shall be ordered by the Credit Underwriter from an appraiser qualified for the geographic area and product type not later than when an Application enters Credit Underwriting.
The Credit Underwriter shall review the appraisals to properly evaluate the MMRB Loan request in relation to the property value.

(m) Appraisals and separate market studies which have been ordered and submitted by third party Credit Enhancers or syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal or market study referenced above.

(n) The Credit Underwriting Report shall include a thorough analysis of the proposed Development and a statement as to whether a MMRB Loan is recommended, and if so, the amount recommended. The Credit Underwriter or the Corporation may request such additional information as is necessary to properly analyze the credit risk being presented to the Corporation and the Bond holders. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have an average occupancy rate of 90% or greater.

(3) The Applicant shall review and provide written comments on the draft Credit Underwriting Report to the Corporation and the Credit Underwriter within the time frame established by the Corporation. The Corporation shall provide comments on the draft report and, as applicable, on the Applicant’s comments to the Credit Underwriter. The Credit Underwriter shall then review and incorporate the Corporation’s and, if deemed appropriate, the Applicant’s comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within the established time frame. Then, the Credit Underwriter shall provide a final report, which shall address comments made by the Applicant to the Corporation.

(4) After approval by the Board of Directors following presentation of the Credit Underwriting Report and payment of one-half of the Good Faith Deposit, Corporation staff and Special Counsel shall begin negotiations of the MMRB Loan Commitment with the Applicant.

(5) At a minimum, a 10 percent retainage will be held by the Trustee or the servicer administering the construction loan funds until the Development is 50 percent complete. At 50 percent completion, no additional retainage will be held from the remaining draws. The total retainage dollars will be held by the Trustee or the servicer and released pursuant to the terms of the construction loan agreement.

67-21.015 Use of Bonds with Other Affordable Housing Finance Programs.

(1) Applicants may submit one Application for the MMRB Program, SAIL, HOME Rental, competitive housing credits and non-competitive housing credits, subject to the restrictions set forth in the Universal Application Package.

(2) Applicants that receive funding from other programs and the Multifamily Mortgage Revenue Bond Program shall comply with the requirements of the applicable program rule and this rule.

(4) Prior to the transfer of ownership:

(a) The Credit Underwriter shall conduct a Credit Underwriting of the prospective purchaser upon any transfer of ownership. (b) All Applications must be complete, legible and timely when submitted, except as described below. Corporation staff may not assist any Applicant by copying, collating, or adding documents to an Application nor shall any Applicant be permitted to use the Corporation’s facilities or equipment for purposes of compiling or completing an Application.

(2) Failure to submit an Application completed in accordance with the Application instructions and these rules will result in the failure to meet threshold, rejection of the Application, a score less than the maximum available, or a combination of these results in accordance with the instructions in the Application and this rule chapter.

(3) Each submitted Application shall be evaluated and preliminarily scored using the factors specified in the Universal Application Package and these rules. Preliminary scores shall be transmitted to all Applicants.

(4) Applicants who wish to notify the Corporation of possible scoring errors relative to another Applicant’s Application will be provided a time period for filing a written Notice of Possible Scoring Error (NOPSE). Such time period will be no fewer than three (3) days from the date the preliminary scores are sent by overnight delivery by the Corporation, or a written Notice of Possible Scoring Error (NOPSE). The deadline for filing a NOPSE will be provided at the time the preliminary scores are issued. Each NOPSE must specify the assigned Application number of the Applicant submitting the NOPSE, the assigned Application number of the Application in question and the scores in question, as well as describe the alleged deficiencies in detail. Each NOPSE is limited to the review of only one Application’s score. Any NOPSE that seeks the review of more than one Application’s score will be considered improperly filed and ineligible for review. There is no limit to the number of NOPSEs that may be submitted. The Corporation’s staff will review each written NOPSE Received timely. To be considered Received timely, the Applicant must submit one (1) original hard copy and three (3) photocopies of each NOPSE. The Corporation will not consider any NOPSE submitted via facsimile or other electronic transmission.

(5) The Corporation shall transmit to each Applicant the NOPSEs submitted by other Applicants with regard to its Application. The notice shall also include the Corporation’s decision regarding the NOPSE, along with any other items identified by the Corporation to be addressed by the Applicant, which may include financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any assignee of the Corporation or the due date for NOPSE filing as set forth in subsection (4) above.

(6) Within 11 Calendar Days of the date the notice set forth in subsection (5) above is sent by overnight delivery by the Corporation, Each Applicant shall be allowed to cure its Application by submitting additional documentation, revised pages and such other information as the Applicant deems appropriate (“cures”) to address the issues raised pursuant to subsections (3) and (5) above that could result in failure to meet threshold or a score less than the maximum available. The time period for submitting the “cures” will be no fewer than three (3) Calendar Days from the date the notice set forth in subsection (5) above is sent by overnight delivery by the Corporation. Such notice will provide the deadline for submitting the “cures.” A new form, page or exhibit provided to the Corporation during this period shall be considered a replacement of that form, page or exhibit.
exhibit was previously submitted in the Applicant’s Application. Pages of the Application that are not revised or otherwise changed may not be resubmitted, except that documents executed by third parties must be submitted in their entirety, including all attachments and exhibits referenced therein, even if only a portion of the original document was revised. Where revised or additional information submitted by the Applicant creates an inconsistency with another item in that Application, the Applicant shall also be required in its submittal to make such other changes as necessary to keep the Application consistent as revised. To be considered by the Corporation, the Applicant must submit one (1) an original hard copy and three (3) photocopies of all additional documentation and revisions, and such revisions, changes and other information must be Received by the deadline set forth herein. Any subsequent revision submitted prior to the deadline shall include a written request from the Applicant for withdrawal of any previously submitted revision(s).

(7) Within seven (7) Calendar Days of the deadline for receipt by the Corporation of the documentation set forth in subsection (6) above, All Applicants may submit to the Corporation a Notice of Alleged Deficiencies (NOAD) in any other Application. The time period for submitting each NOAD will be no fewer than three (3) Calendar Days from the deadline for receipt by the Corporation of the documentation set forth in subsection (6) above. The notice set forth in subsection (5) above will provide the deadline for submitting the NOAD. Each NOAD is limited only to issues created by document revisions, additions, or both, by the Applicant submitting the Application pursuant to subsection (6) above. Each NOAD must specify the assigned Application number of the Applicant submitting the NOAD, the assigned Application number of the Application in question, the pages and the documents in question, as well as describe the alleged deficiencies in detail. Each NOAD is limited to the review of only one Applicant’s submission. However, there is no limit to the number of NOADs which may be submitted. NOADs which seek the review of more than one Applicant’s submission will be considered improperly filed and ineligible for review. The Corporation will only review each written NOAD Received timely. To be considered Received timely, the Applicant must submit one (1) original hard copy and three (3) photocopies of each NOAD. The Corporation will not consider any NOAD submitted via facsimile or other electronic transmission.

(8) The Corporation shall transmit a copy of all NOADs to the affected Applicant.

(9) Following the receipt and review by the Corporation of the documentation described in subsections (5), (6) and (7) above, the Corporation shall then prepare final scores. In determining such final scores, no Application shall fail threshold or receive a point reduction as a result of any issues not previously identified in the notices described in subsections (3), (4) and (5) above. However, inconsistencies created by the Applicant as a result of information provided pursuant to subsections (6) and (7) above will still be justification for rejection of the Application, threshold failure, or reduction of points, as appropriate. Notwithstanding the foregoing, any deficiencies in the mandatory elements set forth in subsection (14) below can be identified at any time prior to sending the final scores to Applicants and will result in rejection of the Application. The Corporation shall then transmit final scores to all Applicants.

(10) The availability of any remaining funds or Allocation Authority shall be noticed or offered to a Development as approved by the Board of Directors. With respect to the HC Program, in the event there remains Allocation Authority after the Corporation has exhausted its waiting list of Applications during a Funding Cycle and time requirements preclude an Application Period and notice thereof, the Corporation shall allocate any unused Allocation Authority to any eligible Development meeting the requirements of Section 42 of the IRC and in accordance with the Qualified Allocation Plan.

(11) Except for Local Government-issued Tax-Exempt Bond-Financed Developments that submit a separate Application for non-competitive Housing Credits, Applications shall be limited to one submission per subject property. Two or more Applications, submitted in the same Funding Cycle, that have the same demographic commitment and one or more of the same Financial Beneficiaries, will be considered submissions for the same Development if any of the following is true: (i) any part of any of the property sites is contiguous with any part of any of the other property sites, or (ii) any of the property sites are divided by a street or easement, or (iii) it is readily apparent from the Applications, proximity, chain of title, or other information available to the Corporation that the properties are part of a common or related scheme of development. If two or more Applications are considered to be submissions for the same Development, the Corporation will reject all such Applications except the Application with the highest (worst) lottery number. The Application(s) with the lowest lottery number(s) will still be rejected even if the Applicant withdraws the Application with the highest (worst) lottery number.

(12) If the Board determines that any Applicant or any Affiliate of an Applicant:

(a) Has engaged in fraudulent actions;
(b) Has materially misrepresented information to the Corporation regarding any past or present Application or Development;
(c) Has been convicted of fraud, theft or misappropriation of funds;
(d) Has been excluded from federal or Florida procurement programs; or
(e) Has been convicted of a felony;
And that such action substantially increases the likelihood that the Applicant will not be able to produce quality affordable housing. The Applicant and any of the Applicant’s Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two (2) years, which will begin from the date the Board makes such determination. Such determination shall be either pursuant to a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S., or as a result of a finding by a court of competent jurisdiction.

(13) The Corporation shall reject an Application if, following the submission of the additional documentation, revised pages and other information as the Applicant deems appropriate as described in subsection (6) above:

(a) The Development is inconsistent with the purposes of the SAIL, HOME, or HC Program(s) or does not conform to the Application requirements specified in this rule chapter;

(b) The Applicant fails to achieve the threshold requirements as detailed in these rules, the applicable Application, and Application instructions;

(c) The Applicant fails to file all applicable Application pages and exhibits which are provided by the Corporation and adopted under this rule chapter;

(d) The Applicant fails to satisfy any arrearages described in subsection (5) above. For purposes of the SAIL and HOME Programs, this rule subsection does not include permissible deferral of SAIL or HOME interest.

(14) Notwithstanding any other provision of these rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application Deadline. Failure to submit these items in the Application at the time of the Application Deadline shall result in rejection of the Application without opportunity to submit additional information. Any attempted changes to these items will not be accepted. Those items are as follows:

(a) Name of Applicant; notwithstanding the foregoing, the name of the Applicant may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter credit underwriting;

(c) Program(s) applied for;

(d) Applicant applying as a Non-Profit or for-profit organization;

(e) Site for the Development; notwithstanding the foregoing, after the Applicant has been invited to enter credit underwriting and subject to written request of an Applicant to Corporation staff and approval of the Corporation, the site for the Development may be increased or decreased, provided the Tie Breaker Measurement Point is on the site and the total proximity points awarded during scoring are not reduced;

(f) Development Category;

(g) Development Type;

(h) Designation selection;

(i) Total number of units; notwithstanding the foregoing, for the SAIL and HC Programs the total number of units may be increased after the Applicant has been invited to enter credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation;

(j) With regard to the SAIL and HC Programs, the ELI Set-Aside commitment on the total set-aside breakdown chart for the program(s) applied for in the Set-Aside Commitment section of the Application;

(k) With regard to the SAIL and HC Programs, the Total Set-Aside Percentage as stated in the last row of the total set-aside breakdown chart for the program(s) applied for in the Set-Aside Commitment section of the Application. With regard to the HOME Program, the Total Set-Aside Percentage as stated in the Set-Aside Commitment section of the Application, unless the change results from the revision allowed under paragraph (m) below;

(l) CHDO election for the HOME Program;

(m) Funding Request (except for Taxable Bonds) amount; notwithstanding the foregoing, requested amounts can be changed only as follows:

1. Reduced by the Applicant to reflect the maximum request amount allowed in those instances where an Applicant requested more than its request limit, or

2. When the county in which the Development is located is newly designated by HUD as a Difficult Development Area (DDA) after the Application Deadline but prior to the end of the cure period outlined in Rule 67-48.004, F.A.C.: (i) an Applicant, who has not failed threshold for exceeding its Competitive HC request limit, may increase its Competitive HC request by an amount equaling 30 percent, rounded to whole dollars, of the remainder of the Applicant’s initial request amount, or (ii) an Applicant, that failed threshold during preliminary scoring for requesting more than its Competitive HC request limit because the Development was not then designated as being in a DDA, may increase its Competitive HC request amount to the maximum allowable amount for the Development.

(n) Submission of one original hard copy with the required number of photocopies of the Application by the Application Deadline;

(o) Payment of the required Application fee by the Application Deadline;

(p) The Application labeled “Original Hard Copy” must include a properly completed Applicant Certification and Acknowledgement form reflecting an original signature.
All other items may be submitted as cures pursuant to subsection (6) above.

With regard to paragraphs (a) and (b) above, the Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested change.

(15) A Development will be withdrawn from funding and any outstanding commitments for funds or HC will be rescinded if, at any time, the Board determines that the Applicant’s Development or Development team is no longer the Development or Development team described in the Application, and the changes made are prejudicial to the Development or to the market to be served by the Development.

(16) If an Applicant or Developer or any Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer has any existing Developments participating in any Corporation programs that remain in non-compliance with Section 42 of the IRC, Title 67, F.A.C., this rule chapter, applicable loan documents, and applicable cure period granted for correcting such non-compliance has ended as of the time of submission of the Application or at the time of issuance of a credit underwriting report, the requested allocation will, upon a determination by the Board that such non-compliance substantially increases the likelihood that such Applicant or Developer will not be able to produce quality affordable housing, be denied and the Applicant or Developer and the Affiliates of the Applicant or Developer will be prohibited from new participation in any of the Corporation’s programs for the subsequent cycle and continuing until such time as all of their existing Developments participating in any Corporation programs are in compliance.

(17) With respect to the SAIL, HOME and HC Program Applications, when two or more Applications receive the same numerical score, the Applications will be ranked as outlined in the Application instructions.

(18) At no time during the Application, scoring and appeal process may Applicants or their representatives contact Board members concerning their own Development or any other Applicant’s Development. At no time from the Application Deadline until the issuance of the final scores as set forth in subsection (9) above, may Applicants or their representatives verbally contact Corporation staff concerning their own Application or any other Applicant’s Application. If an Applicant or its representative does contact a Board member in violation of this section, the Board shall, upon a determination that such contact was deliberate, disqualify such Applicant’s Application.

(19) Applicants may withdraw an Application from consideration only by submitting a written notice of withdrawal to the Corporation Clerk. Applicants may not rescind any notice of withdrawal that was submitted to the Corporation Clerk. For ranking purposes, the Corporation shall disregard any withdrawal that is submitted after 5:00 p.m., Eastern Time, 14 Calendar Days prior to the date the Board is scheduled to convene to consider approval of the final ranking of the Applications and such Application shall be included in the ranking as if no notice of withdrawal had been submitted. After the Board has approved the final ranking, any notice of withdrawal submitted during the time period prohibited above and before the Board approves the final ranking, shall be deemed withdrawn immediately after Board approval of the final ranking. If an Applicant has applied for or been awarded funding from two or more programs, the withdrawal by the Applicant from any one program will be deemed by the Corporation to be a withdrawal of the Application from all programs.

(20) The name of the Development provided in the Application may not be changed or altered after submission of the Application during the history of the Development with the Corporation unless the change is requested in writing and approved in writing by the Corporation. The Corporation shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant such request.

(21) If an Applicant or any Affiliate of an Applicant has offered or given consideration, other than the consideration to provide affordable housing, with respect to a local contribution and this is discovered prior to Board approval of the final ranking, the Corporation shall reject the Application and any other Application submitted by the same Applicant and any Affiliate of the Applicant. If discovered after the Board approves final ranking, any tentative funding or allocation for the Application and any other Application submitted in the same cycle by the same Applicant and any Affiliate of the Applicant will be withdrawn. Such Applicant and any of such Applicant’s Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two (2) years, which will begin the date the Board issues a final order on such matter, in a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S.

67-48.005 Applicant Administrative Appeal Procedures.

(1) At the conclusion of the review and scoring process established by Rule 67-48.004, F.A.C., each Applicant will be provided with its final score and notice of rights, which shall constitute the point of entry to contest any issue related to the Applicant’s Application for the SAIL Program, the HOME Program or the HC Program.
(2) Each Applicant that wishes to contest its final score must file a petition with the Corporation within 21 Calendar Days after the date the Applicant receives its notice of rights. The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue and score sought to be challenged. If the petition does not raise a disputed issue of material fact, the challenge will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered by the designated hearing officer which will then be considered by the Board.

(3) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its own Application shall be allowed the opportunity to submit written arguments to the Board. Any written argument should be typewritten and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(4) Following the entry of final orders in all petitions filed pursuant to Section 120.57(2), F.S., and in accordance with the prioritization of the QAP and Rule Chapter 67-48, F.A.C., the Corporation shall issue final rankings. For an Applicant that filed a petition pursuant to Section 120.57(1), F.S., which challenged the scoring of its own Application but has not had a final order entered as of the date the final rankings are approved by the Board, the Corporation shall, if any such Applicant ultimately obtains a final order that modifies the score so that its Application would have been in the funding range of the applicable final ranking had it been entered prior to the date the final rankings were presented to the Board, provide the requested funding, allocation, or both, from the next available funding, allocation, or both, whether in the current year or a subsequent year. For HC, if the final order is executed on or before the Corporation issues the current year’s final scores, the funding, allocation, or both, will come from the current year. If the final order is executed after the Corporation issues the current year’s final scores, the funding, allocation, or both, will come from the subsequent year. Funding refers to SAIL or HOME and allocation refers to HC.

(5) Each Applicant will be provided with a final ranking of all Applications and notice of rights, which shall constitute the point of entry to contest any ranking or scoring issue related to any other Applications for the SAIL Program, the HOME Program or the HC Program. An Applicant that wishes to contest the final ranking or score of another Applicant may do so only if:

(a) The competing Applicant files a petition on or before the 21st Calendar Day after the receipt of the notice of rights pursuant to this subsection (5). The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue, score or ranking sought to be challenged.

(b) For any Application cycle closing after January 1, 2002, if the contested issue involves an error in scoring, the contested issue must (i) be one that could not have been cured pursuant to subsection 67-48.004(14), F.A.C., or (ii) be one that could have been cured, if the ability to cure was not solely within the Applicant’s control. The contested issue cannot be one that was both curable and within the Applicant’s sole control to cure. With regard to curable issues, a petitioner must prove that the contested issue was not feasibly curable within the time allowed for cures in subsection 67-48.004(6), F.A.C.

(c) The competing Applicant alleges facts in its petition sufficient to demonstrate that, but for the specifically identified threshold, scoring or ranking errors in the challenged Application, its Application would have been in the funding range at the time the Corporation provided the Applicant with its final ranking.

(d) If the petition does not raise a disputed issue of material fact, the appeal will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered which will then be considered by the Board.

(6) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding as described in subsection (5) above concerning the final ranking of another Application, shall be allowed the opportunity to submit written arguments to the Board. Any written arguments should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute
a waiver of the right to have a written argument considered by the Board. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(7) For those Applicants that have filed a petition pursuant to subsection (5) above, the Corporation shall, if any such Applicant ultimately obtains a final order that demonstrates that its Application would have been in the funding range of the applicable final ranking, provide the requested funding, allocation, or both from the next available funding, allocation, or both, whether in the current year or a subsequent year. For HC, if the final order is executed on or before the Corporation issues the current year’s final scores, the funding, allocation, or both, will come from the current year. In the event the final order is executed after the Corporation issues the current year’s final scores, the funding, allocation, or both, will come from the subsequent year. Funding refers to SAIL or HOME and allocation refers to HC. Nothing contained herein shall affect any applicable credit underwriting requirements. The filing of a petition pursuant to subsection (5) above shall not stay the Corporation’s provision of funding to Applicants per the final rankings referenced in subsection (4) above.

67-48.0072 Credit Underwriting and Loan Procedures.
The credit underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended SAIL or HOME loan amount, Housing Credit allocation amount or a combined SAIL loan amount and Housing Credit allocation amount, if any. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of Rule Chapter 67-48, F.A.C.

(1) Within 10 business days of the final rankings are approved by the Board, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

(2) For SAIL and HOME Applicants and Applicants eligible for a supplemental loan, the invitation to enter credit underwriting constitutes a preliminary commitment.

(3) A response to the invitation to enter credit underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the letter of invitation.

(4) If the credit underwriting invitation is accepted:

(a) The Applicant shall submit the credit underwriting fee to the Credit Underwriter within seven (7) Calendar Days of the date of the letter of invitation. In addition, SAIL Applicants shall submit the administrative fee to the Corporation within seven (7) Calendar Days of the date of the letter of invitation.

(b) Failure to submit the required credit underwriting fee or SAIL administrative fee, if applicable, by the specified deadline shall result in withdrawal of the invitation and issuance of an invitation to the next eligible Applicant as outlined in the Universal Application instructions. For HOME Applicants that apply and qualify as a Non-Profit entity, the Corporation shall bear the cost of the credit underwriting review and environmental review. However, if the HOME commitment is canceled for failure to adhere to rule deadlines or for reasons within the Applicant’s control, the Development

Florida Administrative Weekly Volume 35, Number 12, March 27, 2009
will be responsible for reimbursing the Corporation for fees incurred for credit underwriting and environmental review processing.

(c) For SAIL and HOME Applicants and Applicants eligible for a supplemental loan, the loan(s) must close on or before October 15, 2010 within 14 months of the issuance of the preliminary commitment. Applicants may request one (1) extension of up to 12 months. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The written request will then be submitted to the Corporation’s Board for consideration. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge a non-refundable extension fee of 1 percent of each loan amount if the Board approves the request to extend the commitment beyond October 15, 2010 the initial 14 month period. In the event the loan does not close by October 15, 2011 within 24 months of the issuance of the preliminary commitment, the preliminary commitment or firm commitment, as applicable, will be deemed void and the funds will be deobligated.

(5) The Credit Underwriter shall verify all information in the Application, including information relative to the Applicant, Developer, Housing Credit Syndicator, General Contractor, and, if an ALF, the service provider(s), as well as other members of the Development team.

(6) If an Applicant or Developer or Housing Credit Syndicator or any Financial Beneficiary of an Applicant or Developer has been a party of any Development which has been or is in the process of being foreclosed upon or is in arrears to the Corporation or any agent or assignee of the Corporation, the Credit Underwriter will consider this and other past performance issues in determining whether or not to provide a positive recommendation.

(7) The Credit Underwriter shall report any inconsistencies or discrepancies or changes made to the Applicant’s Application during credit underwriting.

(8) The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.

(9) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter’s expertise, the fee for such services shall be borne by the Applicant.

(10) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant’s expense, from an appraiser qualified for the geographic area and product type not later than completion of credit underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the proposed property’s financial feasibility. Appraisals which have been ordered and submitted by third party credit enhancers, first mortgagors or Housing Credit Syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development’s financial impact on Developments in the area previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a SAIL or HOME loan, a Housing Credit Allocation, or a combined SAIL loan and Housing Credit Allocation, or a Housing Credit Allocation and HOME supplemental loan. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater. The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have an average occupancy rate of 90 percent or greater.

(11) The proposed Development must demonstrate, based on current rates, that it can meet minimum 1.10 debt service coverage (DSC) requirements with all first and second mortgages for Housing Credits. For HOME Applications, the minimum debt service coverage shall be 1.10 for the HOME loan, including all superior mortgages. For SAIL Applications, the minimum debt service coverage shall be 1.10 for the SAIL loan, including all superior mortgages. However, if the Applicant defers at least 35 percent of its developer fee for at least six (6) months following construction completion, the minimum debt service coverage shall be 1.50 for the SAIL loan, including all superior mortgages. In extenuating circumstances, such as when the Development has deep or short term subsidy, the debt service coverage may exceed 1.50 if the Credit Underwriter’s favorable recommendation is supported by the projected cash flow analysis. Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) are not required to meet the debt service coverage standards if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the first and second mortgages.
(12) The Corporation’s assigned Credit Underwriter shall require a guaranteed maximum price or stipulated sum construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant’s sole expense, and review a pre-construction analysis for all new construction or a physical needs assessment for Rehabilitation or Substantial Rehabilitation and review the Development’s costs.

(13) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of $250 per unit must be used for all Developments. However, the amount may be increased based on a physical needs assessment. An Applicant may choose to fund a portion of the replacement reserves at closing. The amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.

(14) For SAIL, HOME, and HC Applications, the underwriters may request additional information, but at a minimum for SAIL and HOME, the following will be required during the underwriting process:

(a) For credit enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year’s audited statements will be provided until the current statements are published or credit underwriting is complete. The audited statements may be waived if the credit enhancer is rated at least “A-” by Moody’s, Standard and Poor’s or Fitch.

(b) For the Applicant, general partner(s), and guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter in accordance with Part III, Sections 604 through 607, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective November 6, 2003, which is incorporated by reference and available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links, and the two most recent years’ tax returns. If the entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

(c) For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost whose terms do not adversely affect the Corporation’s interest, and is issued in the name of the General Contractor by a company rated at least “A-” by AMBest & Co.

(15) The Credit Underwriter shall consider the following when determining the need for construction completion guarantees:

(a) Liquidity of the guarantor.

(b) Developer and General Contractor’s history in successfully completing Developments of similar nature.

(c) Problems encountered previously with Developer or contractor.

(d) Exposure of Corporation funds compared to Total Development Cost.

At a minimum, the Credit Underwriter shall require a personal guarantee for completion of construction from the principal individual or the corporate general partner of the borrowing entity. In addition, a letter of credit or payment and performance bond whose terms do not adversely affect the Corporation’s interest will be required if the Credit Underwriter determines after evaluation of paragraphs (a)-(d) in this subsection that additional surety is needed. However, a completion guarantee will not be required if SAIL funds are not drawn until evidence of lien free completion is provided.

(16) For all Developments, the Developer fee and General Contractor’s fee shall be limited to:

(a) The Developer fee shall be limited to 16 percent of Development Cost, with the following exceptions:

1. A Developer fee of 18 percent of Development Cost shall be allowed if the proposed Development is qualified for Housing Credits pursuant to Rule 67-48.027, F.A.C., pertaining to Tax-Exempt Bond-Financed Developments; and

2. A Developer fee of 21 percent of Development Cost shall be allowed if the proposed Development is qualified for Competitive Housing Credits with a demographic commitment of Homeless; however, an amount equal to the difference between the Developer fee and an amount equal to 16 percent of Development Cost must be placed in an operating subsidy reserve account to be held by the Corporation or its servicer. Any disbursements from said operating subsidy reserve account shall be reviewed and approved by the Corporation or its servicer. Upon the expiration of the Compliance Period, any remaining balance may be drawn to pay down any outstanding SAIL or HOME debt on the proposed Development or such other Corporation loan debt on the proposed Development. If there is no Corporation loan debt on the proposed Development at the end of the Compliance Period, then any remaining balance in said operating subsidy reserve account shall be placed in a replacement reserve account for the...
proposed Development. In no event shall the remaining balance in said operating subsidy reserve account be paid to the Developer.

(b) The General Contractor’s fee shall be limited to a maximum of 14 percent of the actual construction cost.

(17) The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor’s budget;

(b) Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor’s budget;

(c) Secure building permits, issued in the name of the General Contractor;

(d) Secure a payment and performance bond whose terms do not adversely affect the Corporation’s interest (or approved alternate security for General Contractor’s performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least “A-” by AMBest & Co.;

(e) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted; and

(f) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity unless otherwise approved by the Board for a specific Development.

(18) For SAIL and HOME Applications, the Credit Underwriter shall require an operating deficit guarantee, to be released upon achievement of an average 1.15 debt service coverage for a minimum of 12 six (6) consecutive months for the combined permanent first mortgage and SAIL or HOME loan. An operating deficit guarantee, to be released upon achievement of 1.00 debt service coverage for a minimum of six (6) consecutive months for the combined permanent first mortgage and SAIL or HOME loan will be required for Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the SAIL or HOME loan and all superior mortgages.

(19) Contingency reserves which total no more than 5 percent of hard and soft costs for new construction and no more than 15 percent of hard and soft costs for Rehabilitation or Substantial Rehabilitation may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves shall not be paid from SAIL or HOME funds.

(20) The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.

(21) All Applicants must provide the items required by the Credit Underwriter within 10 months of the Applicant’s acceptance to enter credit underwriting. For HC Developments, all preliminary items required for the Credit Underwriter’s preliminary HC allocation recommendation must be provided to the Credit Underwriter within 21 Calendar Days of the date of the invitation to enter credit underwriting. Unless an extension is approved by the Corporation in writing, failure to submit the required credit underwriting information by the specified deadline(s) shall result in withdrawal of the preliminary commitment or, if applicable, the HC invitation to enter credit underwriting, or both, as applicable, and the funds will be distributed as outlined in the Universal Application instructions. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension.

(22) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process, the Credit Underwriter shall request same from the Applicant and shall specify deadlines for the submission of same. Failure to submit required information by the specified deadline, unless a written extension of time has been approved by the Corporation, shall result in withdrawal of the preliminary commitment or the HC invitation to enter credit underwriting, or both, as applicable, and the funds will be distributed as outlined in the Universal Application instructions. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension.

(23) The Credit Underwriter shall complete its analysis and submit a written draft report and recommendation to the Corporation. Upon receipt, the Corporation shall provide to the Applicant the section of the written draft report consisting of supporting information and schedules. The Applicant shall review and provide written comments to the Corporation and Credit Underwriter within 48 hours of receipt. After the 48 hour period, the Corporation shall provide to the Credit Underwriter comments on the draft report and, as applicable, on the Applicant’s comments. Then, the Credit Underwriter shall review and incorporate, if deemed appropriate, the Corporation’s and Applicant’s comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within 72 hours of
receipt of the revised report. Then, the Credit Underwriter will provide a final report, which will address comments made by the Applicant, to the Corporation.

(24) For SAIL and HOME Applications and HC Applications eligible for a supplemental loan, the Credit Underwriter’s loan recommendations will be sent to the Board for approval.

(25) After approval of the Credit Underwriter’s recommendation for funding by the Board, the Corporation shall issue a firm loan commitment.

(26) For SAIL and HOME Applications and HC Applications eligible for a supplemental loan, these loans and other mortgage loans related to the construction of the Development must close within 60 Calendar Days of the date of the firm loan commitment(s) unless an extension is approved by the Board. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. For SAIL and HOME Applications, the Corporation shall charge an extension fee of one-half of one percent of the SAIL or HOME loan amount if the Board approves the request to extend the SAIL or HOME commitment beyond the period outlined in this rule chapter.

(27) At least five (5) Calendar Days prior to any loan closing:

(a) The Applicant must provide evidence of all necessary consents or required signatures from first mortgagees or subordinate mortgagees to the Corporation and its counsel, and

(b) The Credit Underwriter must have received all items necessary to release its letter confirming that all closing contingencies have been met, including the finalized sources and uses of funds and Draw schedule.

(28) For Housing Credit Applications, the Credit Underwriter shall use the following procedures during the credit underwriting evaluation:

(a) The Credit Underwriter, in determining the amount of Housing Credits a Development is eligible for when using the qualified basis calculation, shall use a Housing Credit percentage of:

1. Thirty (30) basis points over the percentage as of the date of invitation to credit underwriting up to 9 percent for 9 percent credits for new construction and Rehabilitation Developments;

2. Fifteen (15) basis points over the percentage as of the date of invitation to credit underwriting up to 4 percent for 4 percent credits for acquisition and federally subsidized Developments. A percentage of 15 basis points over the percentage as of the date of invitation to final credit underwriting up to 4 percent will be used for Developments receiving tax-exempt bonds.

(b) Costs such as syndication fees and brokerage fees cannot be included in eligible basis. All consulting fees must be paid out of the Developer fee. Consulting fees cannot cause the Developer fee to exceed the maximum allowable fee as set forth in subsection 67-48.0072(16), F.A.C.

(c) All contracts for hard or soft Development Costs must be itemized for each cost component.

(d) The allocation amount for acquisition Housing Credits shall be limited to the lesser of the sale price or the appraised value of the building(s).

(e) If the Credit Underwriter is to recommend a Competitive Housing Credit allocation, the recommendation will be the lesser of (i) the qualified basis calculation result, (ii) the gap calculation result, or (iii) the Applicant’s request amount. In the event the Credit Underwriter is making a recommendation for non-competitive Housing Credits, the recommendation will be the lesser of the qualified basis calculation result or the gap calculation result.

(29) If the Credit Underwriter recommends that Housing Credits be allocated to the Development, the Corporation shall determine the credit amount, if any, necessary to make the Development financially feasible and viable throughout the Housing Credit Extended Use Period and shall issue a Preliminary Allocation certificate or a Preliminary Determination of Housing Credits in the case of Tax-Exempt Bond-Financed Developments. If the Credit Underwriter recommends that no credits be allocated to the Development and the Executive Director accepts the recommendation, the Applicant shall be notified that no Housing Credits will be allocated to the Development. No Preliminary Allocation certificate shall be issued on an RD (formerly FmHA) Development which competed for Housing Credits within the RD set-aside and has not received an Obligation of Funding (Form RD 3560-51, Rev. 02-05), an Assumption Agreement (Form RD 3560-21, Rev. 02-05), a Reamortization Agreement (Form RD 3560-16, Rev. 02-05), or a combination of these RD forms by November 1st of the year the Applicant is invited into credit underwriting. The RD Forms 3560-51, 3560-21 and 3560-16 are adopted and incorporated herein by reference and available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links. All contingencies required in the Preliminary Allocation shall be met or satisfied by the Applicant within 45 Calendar Days from the date of issuance or as otherwise indicated on the certificate unless an extension of this deadline is requested in writing by the Applicant and is granted by the Corporation in writing for good cause.

5. The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if

a. The Corporation or the Corporation’s servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or

b. The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.

This paragraph is derived from 420.5087(2)(d), F.S., and is scheduled to expire July 1, 2008. Rulemaking Specific Authority 420.507 FS. Law Implemented 420.5087 FS. History– New 7-22-96, Amended 12-23-96, 7-10-97, 1-6-98, Formerly 9I-48.009, Amended 11-9-98, 2-24-00, 2-22-01, 3-17-02, 4-6-03, 3-21-04, 2-7-05, 1-29-06, 4-1-07, 3-30-08, 67-48.0095 Additional SAIL Application Ranking and Selection Procedures.

(1) During the first six (6) months following the publication date of the first Notice of Funding Availability published each year within the state of Florida, SAIL funds shall be allocated in accordance with the ranking and selection process set forth in the Universal Application Package and based upon the requirements specified in Section 420.5087(3), F.S., which specifies the required funding within the four demographic categories of:

(a) Family;

(b) Elderly;

(c) Homeless; and

(d) Commercial Fishing Workers and Farmworkers.

(2) 10 percent of the funds reserved for Applicants in the Elderly category shall be reserved to provide loans to Sponsors of housing for the Elderly for the purpose of making life-safety or security-related repairs or improvements to such housing which are required by federal, state or local regulation, as further specified in Section 420.5087, F.S.

(3) Program funds designated for Commercial Fishing Workers and Farmworkers will be allocated through a request for proposal (RFP), the Universal Application Package, or both.

(4) The Corporation shall assign, in order of ranking, tentative loan amounts to the Applications in each demographic and geographic category, up to the total amount available. However, the Corporation shall make adjustments to ensure that minimum funding distribution levels by geographic category are met, as required by Section 420.5087(1), F.S., and further described in the SAIL Notice of Funding Availability.

(5) In the event that the 10 percent of program funds required to be allocated to counties with a population of 100,000 or less remains unallocated at the conclusion of a successive three-year cycle, the unallocated funds shall be equitably distributed pursuant to the instructions included in the Universal Application Package.

(6) Selection for SAIL Program participation is contingent upon fund availability at the conclusion of the appeals process as set forth in Rule 67-48.005, F.A.C.
Rulemaking Specific Authority 420.507 FS. Law Implemented 420.5087 FS. History—New 12-23-96, Amended 1-6-98, Formerly 91-48.0095, Amended 11-9-98, 2-24-00, 2-22-01, 3-17-02, 4-6-03, 3-21-04, 2-7-05, 1-29-06, 4-1-07, Repromulgated 3-30-08, 67-48.010 Terms and Conditions of SAIL Loans.

(1) The proceeds of all SAIL loans shall be used for new construction or Substantial Rehabilitation of affordable, safe and sanitary multifamily rental housing units.

(2) The SAIL loan may be in a first, second, or other subordinated lien position. For purposes of this rule, mortgages securing a letter of credit as credit enhancement for the bonds financing the first mortgage shall be considered a contingent liability and part of the first mortgage lien, provided that the Applicant’s counsel furnishes an opinion regarding the contingent nature of such mortgage satisfactory to the Corporation and its counsel.

(3) The loans shall be non-amortizing and shall have interest rates as follows:

   (a) 0 percent simple interest per annum on loans to Developments that set aside at least 80 percent of their total units for residents qualifying as Farmworkers, Commercial Fishing Workers or Homeless, over the life of the loan;

   (b) 0 percent simple interest per annum on loans based on the pro rata share of units set aside for Homeless residents if the total of such units is less than 80 percent of the units and 1 percent simple interest per annum on the remaining units;

   (c) 1 percent simple interest per annum on loans to Developments other than those identified in paragraphs (a) and (b) above;

   (4) Except as provided in Section 420.5087(5), F.S., the amount of any superior mortgages combined with the SAIL mortgage shall be less than the appraised value of the Development. Any debt service reserve requirement associated with a superior mortgage shall be excluded from the amount of the superior mortgage for purposes of this calculation.

(5) Payment on the loans shall be based upon the Development Cash Flow, as determined pursuant to the Financial SAIL Cash Flow Reporting Form SR-1, or shall be due annually as determined by the Corporation’s Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation’s repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or to the Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, will be added back to the amount of cash available for the SAIL loan interest payment, as calculated in the Financial SAIL Cash Flow Reporting Form SR-1, for the purpose of determining interest due. Interest may be deferred as set forth in subsection 67-48.010(8), F.A.C., without constituting a default on the loan.

(6) The loans described in subsection 67-48.010(3), F.A.C., above shall be repaid from all Development Cash Flow, and if the SAIL loan is not a first mortgage loan, each year, subject to the provisions of subsection (8) below, Development Cash Flow shall be applied to pay the following items in order of priority:

   (a) All superior mortgage fees and debt service;

   (b) Development Expenses on the SAIL loan, including up to 20 percent of total Developer fees per year;

   (c) Interest payment on SAIL loan balance equal to 1 percent as stated in paragraphs (3)(b) and (c) above over the life of the SAIL loan;

   (d) Interest payments on the SAIL loan deferred from previous years;

   (e) Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(7) If the SAIL loan is secured by a first mortgage lien, each year, subject to the provisions of subsection (8) below, Development Cash Flow shall be applied to pay the following items in order of priority:

   (a) First mortgage fees and interest payment on the SAIL loan balance equal to the percentages stated in paragraph (3) above over the life of the SAIL loan;

   (b) Development Expenses on the SAIL loan including up to 20 percent of total Developer fees per year;

   (c) Interest payments on the SAIL loan deferred from previous years;

   (d) Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(8) The determination of Development Cash Flow, determination of payment priorities, and payment of interest on SAIL loans shall occur annually. Any payments of accrued and unpaid interest due annually on SAIL loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this rule chapter. If Development Cash Flow is under-reported and such report causes a deferral of SAIL interest, such under-reporting shall constitute an event of default on the SAIL loan. A penalty of 5 percent of any required payment shall be assessed.

   (a) By May 31 of each year of the SAIL loan term, the Applicant shall provide the Corporation with audited financial statements and a certification detailing the information needed to determine the annual payment to be made. However, this certification requirement will be waived until May 31
following the calendar year within which the first unit is occupied. The certification shall require submission of audited financial statements and the SAIL annual reporting form, Financial Cash Flow Reporting Form SR-1, Rev. 9/05, which is incorporated by reference in Rule Chapter 67-53, F.A.C. Form SR-1 can be obtained from the Credit Underwriter acting as the assigned servicer or on the Corporation’s Website under the 2008 Universal Application link labeled Related Information and Links. The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America, which are also incorporated by reference in Rule Chapter 67-53, F.A.C. The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of $500 will be assessed by the Corporation for failure to submit the required audited financial statements and certification by May 31 of each year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements, the Corporation servicer shall deem the Development Cash Flow insufficient and issue a billing for interest due on the SAIL loan for the immediately preceding calendar year by July 31 of each calendar year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements and certification by May 31 of each year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements, the Corporation servicer shall issue revised billing, if necessary. Failure to submit the required audited financial statements and certification by May 31 of each year of the SAIL loan term shall constitute an event of default on the SAIL loan. The Applicant shall furnish to the Corporation or its servicer, unaudited statements, certified by the Applicant’s principal financial or accounting officer, covering such financial matters as the Corporation or its servicer may reasonably request, including without limitation, monthly statements with respect to the Development.

For SAIL loans applied for prior to February 22, 2001, the Corporation will extend the annual filing deadline for submission of the audited financial statements and certification detailing the information needed to determine the annual payment due, such fee will be assessed by the Corporation as outlined above.

(b) The Corporation servicer shall issue a billing for interest due on the SAIL loan for the immediately preceding calendar year by July 31 of each calendar year of the SAIL loan.

(c) The Applicant shall remit the interest due to the Corporation servicer no later than August 31 of each year of the SAIL loan term. The first payment of SAIL interest will be due no later than August 31 following the calendar year within which the first unit is occupied. The first payment of interest shall include all interest for the period which begins accruing on the date of the first Draw and ends on December 31 of the calendar year during which the first unit is occupied.

(9) After maturity or acceleration, the Note shall bear interest at the Default Interest Rate from the due date until paid. Unless the Corporation has accelerated the SAIL loan, the Applicant shall pay the Corporation a late charge of 5 percent of any required payment that is not received by the Corporation within 15 days of the due date.

(10) The final billing for the purpose of payoff of the SAIL loan shall also include a billing for compliance fees to cover monitoring of SAIL Program requirements beyond the maturity date of the Note. Such fees shall be computed by determining the present value of the annual compliance monitoring fee and multiplying that by the number of years for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. The present value discount rate shall be 2.75 percent per annum. Such amount shall be reduced by the amount of any compliance monitoring fees for other programs collected by the Corporation for the Development provided:

(a) The compliance monitoring fee covers some or all of the period following the anticipated SAIL loan repayment date; and

(b) The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another Corporation program for which the compliance monitoring fee was collected.

(11) The SAIL loans shall be serviced either directly by the Corporation or by the servicer on behalf of the Corporation.

(12) The Corporation shall monitor compliance of all terms and conditions of the SAIL loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the SAIL loan shall constitute a default during the term of the SAIL loan. The Corporation shall take appropriate legal action to effect compliance if a violation of any material
term or condition relative to the set-asides of units for Very Low-Income persons or households is discovered during the course of compliance monitoring or by any other means.

(13) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender or the Corporation’s servicer, but which shall, in any case, include fire, hazard and other insurance sufficient to meet the standards established in Part V, Section 106 of the Fannie Mae DUS Guide, effective August 16, 2007, which is adopted and incorporated herein by reference and available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links.

(14) The SAIL loan term shall be for a period of not more than 15 years. However, if both a SAIL loan and federal Housing Credits are to be used to assist a Development, the Corporation may set the SAIL loan term for a period commensurate with the investment requirements associated with the Housing Credit syndication. The term of the loan may also exceed 15 years if the lien of the Corporation’s encumbrance is subordinate to the lien of another mortgagee, in which case the term may be made coterminous with the longest term of the superior loan.

(15) After accepting a preliminary commitment, the Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the SAIL mortgage without prior approval of the Corporation’s Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board’s permission, provided that no other terms of the loan are changed. The Corporation must be notified in writing of any such change.

Following construction completion, the Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0105(5), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance, the following calculation shall be used: divide the amount of the original SAIL mortgage by the combined amount of the original SAIL mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance after deducting refinancing costs. For example, if the amount of the original SAIL mortgage is $2,000,000, the original superior mortgage is $4,000,000, with a current balance of $3,000,000, a proposed new superior mortgage of $5,000,000, and refinancing costs of $200,000, then the amount of the increase in the superior mortgage after deducting refinancing costs would be $1,800,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance would be $594,000. This $594,000 would be applied first to accrued interest and then to principal.

(16) All SAIL loans shall be in conformance with applicable federal and state statutes, including the Fair Housing Act as implemented by 24 CFR Part 100, which is adopted and incorporated herein by reference, and Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35, which is adopted and incorporated herein by reference. These provisions are available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links. The Corporation shall allow units dedicated to occupancy by the Elderly in a Development designed for occupancy by elderly households pursuant to authorization by HUD under the Fair Housing Amendments of 1988 as implemented by 24 CFR Part 100.

(17) Rent controls shall not be allowed on any Development except (i) as required in conjunction with the issuance of tax-exempt bonds or federal Housing Credits and (ii) when the Sponsor has committed to set aside units for ELI Persons, in which case rents for such units shall be restricted at the level applicable for federal Housing Credits.

(18) The documents creating, evidencing or securing each SAIL loan must provide that any violation of the terms and conditions described in Rule Chapter 67-48, F.A.C., constitutes a default under the SAIL loan documents allowing the Corporation to accelerate its loan and to seek foreclosure as well as any other remedies legally available to it.

(19) A failure to pay any principal or interest due under the terms of this section shall constitute a default on the SAIL loan.

(20) If, after a four-month rent-up period commencing after issuance of the last certificate of occupancy on the units, an Applicant is unable to meet the agreed-upon demographic commitment for Elderly, Homeless, Farmworker or Commercial Fishing Worker, the Applicant may request to rent such units to Very Low-Income persons or households without demographic restriction.

(a) The written request must provide documentation of marketing efforts implemented over the past four-month period which demonstrate the inclusion of sources of potential residents, advertising to be used, other means of encouraging residents to rent at the Development, and priority to the original targeted group of residents. If the Corporation determines that prior marketing efforts were insufficient, a revised plan which is satisfactory to the Corporation must be submitted and implemented for a four-month period prior to reconsideration.

(b) The Board will require Applicants to provide additional amenities or resident programs suitable for the proposed resident population.
(c) The Board will require Applicants with 0 percent loans, as described in paragraphs 67-48.010(3)(a) and (b), F.A.C., to modify loan documents to conform to the terms and conditions of 1 percent loans, as described in paragraphs 67-48.010(3)(b) and (c), F.A.C., or to accelerate payments of SAIL loan principal or interest.

(21) The Applicant shall provide to the Corporation an annual budget of income and expenses for the Development, certified as accurate by an officer of the Development, no later than 30 days prior to the beginning of the Development’s fiscal year.

(22) Failure to provide the Corporation and its servicer with the SAIL available Cash Flow Statement detailing the information needed to determine the annual payment to be made pursuant to this rule chapter shall constitute a default on the SAIL loan.

(23) For SAIL loans applied for prior to March 17, 2002, at the borrower’s request, the Corporation will include up to 20 percent of total Developer fees per year as a Development Expense when calculating the interest due on the SAIL loan for the 2003 calendar year for the billing issued in 2004 pursuant to paragraph 67-48.010(8)(b), F.A.C., and for the billing for interest due each calendar year thereafter. Development Expense will not include Developer fees for determination of payment of interest on SAIL loans applied for prior to March 17, 2002 for the 2002 calendar year or any previous calendar year. For purposes in this paragraph, Development Expense has the same meaning as Project Expense and Eligible Project Expense as those terms are used in SAIL loans applied for prior to March 17, 2002.

(24) The Compliance Period for a SAIL Development shall be, at a minimum, a period of 12 years from the date the first residential unit is occupied. For SAIL Developments that contain occupied units at the time of closing, the Compliance Period shall begin not later than the termination of the last lease executed prior to closing of the SAIL loan.

67-48.0105 Sale, Transfer or Refinancing of a SAIL Development.

(1) Any sale, conveyance, assignment, or other transfer of interest or the grant of a security interest in all or any part of the title to the Development other than a superior mortgage shall be subject to the Corporation’s prior written approval. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant such request.

(2) The SAIL loan shall be assumable upon sale or transfer of the Development if the following conditions are met:

(a) The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;

(b) The proposed transferee agrees to maintain all set-asides and other requirements of the SAIL loan for the period originally specified or longer; and

(c) The proposed transferee and release of transferor receives a favorable recommendation from the Credit Underwriter and approval by the Board of Directors of the Corporation.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in the Universal Application instructions.

(3) If the SAIL loan is not assumed since the buyer does not meet the criteria for assumption of the SAIL loan, the SAIL loan (principal and any outstanding interest) shall be repaid from the proceeds of the sale in the following order of priority:

(a) First mortgage debt service, first mortgage fees;

(b) SAIL compliance and loan servicing fees;

(c) An amount equal to the present value of the compliance monitoring fee, as computed by the Corporation and its servicer, times the number of payment periods for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. The present value discount rate shall be \(2\%\) percent per annum. Such amount shall be reduced by the amount of any compliance monitoring fees collected by the Corporation for the Development, provided:

1. The compliance monitoring fee covers some or all of the period following the anticipated SAIL repayment date; and

2. The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another program of the Corporation for which the compliance monitoring fee was collected.

(d) Unpaid principal balance of the SAIL loan;

(e) Any interest due on the SAIL loan;

(f) Expenses of the sale;

(g) If there will be insufficient funds available from the proposed sale of the Development to satisfy paragraphs (3)(a)-(f) above, the SAIL loan shall not be satisfied until the Corporation has received:

1. An appraisal prepared by an appraiser selected by the Corporation or the Credit Underwriter indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;
2. A certification from the Applicant that the purchase price reported is the actual price paid for the Development and that no other consideration passed between the parties and that the Development Cash Flow reported to the Corporation during the term of the SAIL loan was true and accurate;

3. A certification from the Applicant that there are no Development funds available to repay the SAIL loan, including any interest due, and the Applicant knows of no source from which funds could or would be forthcoming to pay the SAIL loan; and

4. A certification from the Applicant detailing the information needed to determine the final billing for SAIL loan interest. Such certification shall require submission of financial statements and other documents that may be required by the Corporation and its servicer.

(4) The Corporation may renegotiate and extend the loan in order to extend or retain the availability of housing for the target population. Such renegotiations shall be based upon:

(a) Performance of the Applicant during the SAIL loan term;

(b) Availability of similar housing stock for the target population in the area;

(c) Documentation and certification by the Applicant that funds are not available to repay the Note upon maturity;

(d) A plan for the repayment of the loan at the new maturity date;

(e) Assurance that the security interest of the Corporation will not be jeopardized by the new term(s); and

(f) Industry standard terms which may include amortizing loans requiring regularly scheduled payments of principal and interest.

All loan renegotiation requests, including requests for extension, must be submitted in writing to the Director of Special Assets and contain the specific details of the renegotiation. In addition to any related professional fees, the Corporation shall charge a non-refundable renegotiation fee as outlined in the Universal Application instructions.

(5) The Board shall approve requests for mortgage loan refinancing only if Development Cash Flow is improved, the Development’s economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.

(6) The Board shall deny requests for mortgage loan refinancing which require extension of the SAIL loan term or otherwise adversely affect the security interest of the Corporation, unless the criteria outlined in subsection 67-48.0105(5), F.A.C., are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development, or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

The Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.010(15), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance.

1. SAIL loan proceeds shall be disbursed during the construction phase in an amount per Draw which does not exceed the ratio of the SAIL loan to the Total Development Cost, unless approved by the Credit Underwriter.

2. Ten (10) business days prior to each Draw, the Applicant shall supply the Corporation’s servicer, as agent for the Corporation, with a written request executed by the Applicant for a Draw. The request shall set forth the amount to be paid and shall be accompanied by documentation specified by the Corporation’s servicer including claims for labor and materials to date of the last inspection.

3. The Corporation and its servicer shall review the request for a Draw, and the servicer shall provide the Corporation with approval of the request or an alternative recommendation, after the title insurer provides an endorsement to the policy of title insurance updating the policy to the date of the current Draw and increasing the insurance coverage to an amount equal to the sum of all prior Draws and the current Draw, without additional exceptions, except those specifically approved in writing by the Corporation.

4. The Corporation shall disburse construction Draws through Automated Clearing House (ACH). The Applicant may request disbursement of construction Draws via a wire transfer. The Applicant will be charged a fee of $10 for each wire transfer requested. This charge will be netted against the Draw amount.

5. The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if

(a) The Corporation or the Corporation’s servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or
(b) The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.

(6) The servicer may request submission of revised construction budgets.

(7) Based on the Applicant’s progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter.

(8) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation’s servicer as retainage shall occur pursuant to the SAIL loan agreement.

67-48.014 HOME General Program Procedures and Restrictions.

(1) Unless otherwise provided in the Application instructions, the Corporation shall utilize up to 10 percent of the HOME allocation for administrative costs pursuant to 24 CFR Part 92.

(2) The Corporation shall utilize at least 15 percent of the HOME allocation for CHDOs pursuant to 24 CFR Part 92. In order to apply under the CHDO set-aside, the CHDO must have at least 51 percent ownership interest in the Development held by the General Partner entity and meet all other CHDO requirements as defined by HUD in 24 CFR Part 92 and other Corporation requirements identified in the CHDO Checklist. The CHDO Checklist is adopted and incorporated herein by reference, effective 10-17-06, and is available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links or by contacting the HOME-Rental Program at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329.

(3) Within the rental cycle administered pursuant to Rule Chapter 67-48, F.A.C., the Corporation will distribute funds as provided in the Universal Application instructions, through a competitive request for proposal (RFP) process, or both.

(4) The maximum per-unit subsidy amount of HOME funds that the Corporation shall invest on a per-unit basis in affordable housing shall not exceed the per-unit dollar limits established by the Corporation as identified in the current Application instructions and included on the HOME Rental FHFC Subsidy Limits chart, which is adopted and incorporated by reference, effective 10-1-2007. A copy of such chart is available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links or by contacting the HOME-Rental Program at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329.

(5) The minimum amount of HOME funds that must be invested in a Rental Development is $1,000 times the number of HOME-Assisted Units in the Development.

(6) A Development qualifies as affordable housing and for HOME funds if, with respect to income and occupancy:

(a) 80 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 60 percent of the median family income for the area, as determined by HUD, with adjustments for family size, and

(b) 20 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 50 percent of the median family income for the area, as determined by HUD, with adjustments for family size.

(c) When the income of a resident increases above 80 percent of area median income, the next unit that becomes available in the Development must be rented to a HOME income-eligible resident. If the income of a Very Low-Income household increases above the limits for a Very Low-Income household, then the Developer must rent the next available unit to a Very Low-Income household. The amount of rent the resident whose income has increased must pay is the lesser of the amount payable by resident under state or local law or 30 percent of the adjusted monthly income for rent and utilities.

(d) High HOME rent means 80 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs) or rents that are 30 percent for a Family at 65 percent of median income limit, minus resident-paid utilities. Low HOME rent means 20 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs), or 30 percent of the gross income of a Family at 50 percent of the area median income, minus resident-paid utilities. With respect to rent limits, the HOME Rent Chart at 65 percent or 50 percent, or the Fair Market Rent, less the applicable utility allowance, is the maximum rent that can be charged for a HOME Rent-Restricted Unit. HOME-Assisted Units with Section 8 subsidy must compare the Section 8 gross rent (resident rent, subsidy amount, and utility allowance) to the maximum applicable HOME high or low rent limit minus utilities. However, Developments with project-based rental assistance may utilize the project-based rents as compared to the HOME High and Low rents. Compliance with the HOME rent restrictions will take precedence over the Developer’s acceptance of a full Section 8 (resident-based) subsidy for the HOME-Assisted Units.
(e) The minimum Compliance Period for Rehabilitation Developments is 15 years from the date the first residential unit is occupied. For Developments that contain occupied units at the time of closing, the Compliance Period shall begin the earlier of (i) the termination of the last lease executed prior to closing of the HOME loan or (ii) at project completion as defined in 24 CFR § 92.2. The Compliance Period will be extended until the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(f) The minimum Compliance Period for newly-constructed rental housing is 20 years from the date the first residential unit is occupied. The Compliance Period will be extended until the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(g) The minimum percentage of HOME-Assisted Units within a Development must be at least equal to the percentage (ratio) calculated by dividing the HOME loan amount by the Total Development Cost. This percentage will be utilized to determine the minimum number of HOME-Assisted Units required within a Development. HOME-Assisted Units must be identified at the time of Application. For purposes of meeting affordable housing requirements for a Development, the HOME-Assisted Units counted may be changed over the Compliance Period, so long as the total number of HOME-Assisted Units remains the same, and the substituted units are, at a minimum, comparable in terms of size, features, and number of bedrooms to the original HOME-Assisted Units.

(h) The Development will remain affordable, pursuant to commitments documented within the executed Land Use Restriction Agreement without regard to the term of the mortgage or to transfer of ownership.

(7) The Development must comply with all applicable provisions of 24 CFR Part 92 and Rule Chapter 67-48, F.A.C.

(8) A Development that is under construction may be eligible to apply for HOME funds only if the final building permit is dated no earlier than six (6) months prior to the Application Deadline, the Development is able to provide evidence of compliance with federal labor standards (if 12 or more HOME-Assisted Units are developed under a single contract) for any work already completed, and the Development is able to provide evidence of compliance with HUD environmental requirements as well as all other federal HOME regulations as listed in Rule 67-48.014, F.A.C., and 24 CFR Part 92. The federal requirements may require completion of activities prior to submission of an Application for HOME funding.

(9) Any single contract for the development (rehabilitation or new construction) of affordable housing with 12 or more HOME-Assisted Units under the HOME Program must contain a provision requiring that not less than the wages prevailing in the locality, as predetermined by the United States Secretary of Labor pursuant to the Davis-Bacon Act, 40 U.S.C. §§ 3142 – 3144, 3146 and 3147 (2002), which is adopted and incorporated herein by reference, 24 CFR § 92.354, 24 CFR Part 70 (volunteers), which is adopted and incorporated herein by reference, and 40 U.S.C. § 3145 (2002), which is adopted and incorporated herein by reference, will be paid to all laborers and mechanics employed for the construction or rehabilitation of the Development, and such contracts must also be subject to the overtime provisions of the Contract Work Hours and Safety Standards Act, 40 U.S.C. §§ 3701 – 3706 and 3708 (2002), which is adopted and incorporated herein by reference, the Copeland Act (Anti-Kickback Act), 40 U.S.C. § 3145 (2002), and the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 et seq.), which is adopted and incorporated herein by reference. The foregoing provisions are available on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related Information and Links.

(a) Development hard costs as they directly relate to the identified HOME Assisted Units only for:
   1. New construction, the costs necessary to meet local and state of Florida building codes and the Model Energy Code referred to in 24 CFR Part 92;

67-48.020 Terms and Conditions of Loans for HOME Rental Developments.

All HOME Rental Development loans shall be in compliance with the Act, 24 CFR Part 92 and, at a minimum, contain the following terms and conditions:

(1) The HOME loan may be in a first, second, or subordinated lien position. The term of the loan shall be for a minimum period of 15 years for Rehabilitation Developments and 20 years for new construction Developments. The term of the HOME loan may be extended to coterminate with the first mortgage term upon the recommendation of the Credit Underwriter and approval by the Corporation.

(2) The annual interest rate will be determined by the following:

(a) All for-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 1.5 percent per annum interest rate loan.
(b) All qualified non-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 0 percent interest rate loan. For purposes of determining the annual HOME interest rate, the definition of Non-Profit found at Rules 67-48.002 and 67-48.0075, F.A.C., shall not apply;
instead, qualified non-profit Applicants shall be those entities defined in 24 CFR Part 92, Section 42(h)(5)(c), subsection 501(c)(3) or 501(c)(4) of the IRC and organized under Chapter 617, F.S., if a Florida corporation, or organized under similar state law if organized in a jurisdiction other than Florida.

(c) All Applicants consisting of a non-profit and for-profit partnership will receive a 0 percent interest rate loan on the portion of the loan amount equal to the qualified non-profit’s ownership interest in the Development held by the general partner or managing member entity. A 1.5 percent interest rate shall be charged for loans on the portion of the loan amount equal to the for-profit’s interest in the Development held by the general partner or managing member entity. After closing, should the Applicant sell any portion of the Development ownership, the loan interest rate ratio will be adjusted to conform to the new percentage of ownership.

(3) The loans shall be non-amortizing and repayment of principal shall be deferred until maturity, unless otherwise recommended by the Credit Underwriter and approved by the Corporation. Interest payments on the loan shall be paid to the Corporation’s servicer annually on the date specified in the Note.

(4) As approved by the Board of Directors, loans which finance demonstration Developments or Developments located in a state or federally declared disaster area may be provided with forgivable terms.

(5) The accumulation of all Development financing, including the HOME loan and all existing debt within a Development, may not exceed the Total Development Cost, as determined and certified by the Credit Underwriter.

(6) Before disbursing any HOME funds, there must be a written agreement with the Applicant ensuring compliance with the requirements of the HOME Program pursuant to this rule chapter and 24 CFR Part 92.

(7) A representative of the Applicant and the managing agent of the Development must attend a Corporation-sponsored training session on income certification and compliance procedures.

(8) If the Development has 12 or more HOME-Assisted Units to be developed under a single contract, the General Contractor and all available subcontractors shall attend a Corporation-sponsored preconstruction conference regarding federal labor standards provisions.

(9) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender or the Corporation’s servicer, but which shall, in any case, include fire, hazard and other insurance sufficient to meet the standards established in Part V, Section 106 of the Fannie Mae DUS Guide, effective August 16, 2007, which is adopted and incorporated herein by reference and available on the Corporation’s Website under the Universal Application link labeled Related References and Links.

(10) All loans must provide that any violation of the terms and conditions described in this rule chapter or 24 CFR Part 92 constitute a default under the HOME loan documents allowing the Corporation to accelerate its loan and seek foreclosure as well as any other remedies legally available to it.

(11) If a default on a HOME loan occurs, the Corporation will commence legal action to protect the interest of the Corporation. The Corporation shall acquire real and personal property or any interest in the Development if that acquisition is necessary to protect any HOME loan; sell, transfer, and convey any such property to a buyer without regard to the provisions of Chapters 253 and 270, F.S.; and, if that sale, transfer, or conveyance cannot be consummated within a reasonable time, lease the Development for occupancy by Eligible Persons.

(12) The Corporation or its servicer shall monitor the compliance of each Development with all terms and conditions of the HOME loan and shall require that such terms and conditions be recorded in the public records of the county where the Development is located. Violation of any term or condition shall constitute a default during the term of the HOME loan.

(13) The Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the HOME mortgage without prior approval of the Corporation’s Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board’s permission, provided that no other terms of the loan are changed. The Corporation must be notified of any such change. Following construction completion, the Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0205(3), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the HOME mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding HOME loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the HOME loan balance, the following calculation shall be used: divide the amount of the original HOME mortgage by the combined amount of the original HOME mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance after deducting refinancing costs. For example, if the amount of the original HOME mortgage is $2,000,000, the original superior mortgage is $4,000,000, with a current balance of $3,000,000, a proposed new superior mortgage of $5,000,000, and refinancing costs of $200,000, then the amount of the increase in the superior mortgage after deducting refinancing costs would be $1,800,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward
the reduction of the HOME loan balance would be $594,000. This $594,000 would be applied first to accrued interest and then to principal.

(b) The proposed transferee agrees to maintain all set-asides and other requirements of the HOME loan for the period originally specified; and
(c) The proposed transferee and Application receives a favorable recommendation from the Credit Underwriter and approval by the Corporation’s Board of Directors.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in the Universal Application instructions.

(2) If the Development is sold and the proposed transferee does not meet the criteria for assumption of the loan, the HOME loan shall be repaid from the proceeds of the sale. If there will be insufficient funds available from the proposed sale of the Development, the HOME loan shall not be satisfied until the Corporation has received:

(a) An appraisal prepared by an appraiser selected by the Corporation indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;
(b) A certification from the Applicant that the purchase price reported is the actual price paid for the Development and that no other consideration passed between the parties and that the income reported to the Corporation during the term of the loan was true and accurate; and
(c) A certification from the Applicant that there are no Development funds available to repay the loan and the Applicant knows of no source from which funds could or would be forthcoming to pay the loan.

(3) The Board shall approve requests for mortgage loan refinancing only if Development cash flow is improved, the Development’s economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.

(4) The Board shall deny requests for mortgage loan refinancing which require extension of the HOME loan term or otherwise adversely affect the security interest of the Corporation unless the criteria outlined in subsection 67-48.0205(3), F.A.C., are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

(5) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent
completion, no additional retainage shall be held from the remaining draws. Release of funds held as retainage shall occur in accordance with the HOME loan documents.

(6) The Corporation or its servicer shall elect to withhold any Draw or portion of any Draw, in addition to the retainage, notwithstanding any documentation submitted by the borrower in connection with a request for a Draw, if:

(b) The percentage of progress of construction of improvements differs from that shown on the request for a Draw.

(c) Developments subject to and not in compliance with Federal Labor Standards.

(7) To the extent excess HOME funds in the budget remain unused, the Corporation has the right to reduce the HOME loan by that amount.

67-48.031 Termination of Extended Use Agreement and Disposition of Housing Credit Developments.

The Housing Credit Extended Use Period for any building shall terminate upon the date a building is acquired through foreclosure or instrument in lieu of foreclosure or if no buyer can be found who is willing to maintain the Housing Credit Set-Aside of the Development. In the event the Applicant is unable to locate a buyer willing to maintain the set-aside provisions of the Extended Use Agreement, the following steps shall be taken, as set forth in Section 42(h)(6) of the IRC, before a building is converted to market-rate use:

(1) After the fourteenth year of the Compliance Period, unless otherwise obligated under the Extended Use Agreement, a Land Use Restriction Agreement under another Corporation program, or if Applicant has already knowingly and voluntarily waived its right to request the Corporation find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of the building, an Applicant may submit a written request to the Corporation to find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of.
the building. When submitting a written request, Applicants shall utilize the Qualified Contract Package in effect at the time of the written request and shall remit payment of the required Qualified Contract Package fee. The Qualified Contract Package consists of the forms and instructions, obtained from the Corporation at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, or on the Corporation’s Website under the 2009 2008 Universal Application link labeled Related References Information and Links, which shall be completed and submitted to the Corporation in accordance with this rule chapter in order to request the Corporation find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of the building. The Qualified Contract Package, Rev. 09-07, is adopted and incorporated herein by reference.

(2) All information contained in a Qualified Contract Package request is subject to independent review, analysis and verification by the Corporation or its agents. The Corporation shall request additional information to document the qualified contract price calculation or other information submitted, if the submitted documentation does not support the price indicated by the certified public accountant (CPA) hired by the owner. The Corporation shall then engage its own CPA to perform a qualified contract price calculation. Cost of such service shall be paid for by the owner. Following the Corporation’s receipt and complete review of the completed Qualified Contract Package, the Corporation shall have one year to present a “qualified contract”, as defined in Section 42(h)(6)(F) of the IRC, for the Development. The one year time period shall commence upon the Corporation’s receipt and final review of all of the accompanying information required by the Qualified Contract Package and the Corporation and the owner have agreed to the qualified contract price in writing.

(3) The Corporation shall not agree to the qualified contract price in writing until the Applicant or Developer has satisfied any financial obligations for which the Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation. The Applicant shall cooperate with the Corporation and its agents with respect to the Corporation’s efforts to present a “qualified contract” for the purchase of the Applicant’s interest in the Housing Credit Set-Aside portion of the Development and the Applicant’s failure to cooperate will toll the one year time period the Corporation has to present a “qualified contract”. The Corporation shall actively seek to obtain a qualified buyer for acquisition of the Housing Credit Set-Aside portion of the building for an amount not less than the Applicable Fraction as specified in the Extended Use Agreement of:

(a) The sum of the outstanding indebtedness secured by the building;
(b) The adjusted investor equity in the building; and
(c) Other capital contributions not reflected in the amounts above, and reduced by cash distributions from the Development.

(4) The Applicant is responsible for all real estate broker fees incurred from the sale of the Development.

(5) At the conclusion of the review process established by Rule 67-48.031, F.A.C., each Applicant will be provided with its qualified contract price calculation and notice of rights.

(6) Written arguments to any recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its qualified contract price calculation shall be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board. The one year time period the Corporation has to present a “qualified contract” will toll upon the filing of a petition to contest a qualified contract price calculation and will recommence upon the issuance of the Board’s final order.

(7) The Applicant shall cooperate with the Corporation and its agents with respect to the Corporation’s efforts to present a “qualified contract” for the purchase of the Applicant’s interest in the Housing Credit Set-Aside portion of the Development and the Applicant’s failure to cooperate will toll the one year time period the Corporation has to present a “qualified contract". The Corporation shall actively seek to obtain a qualified buyer for acquisition of the Housing Credit Set-Aside portion of the building for an amount not less than the Applicable Fraction as specified in the Extended Use Agreement of:

(a) The sum of the outstanding indebtedness secured by the building;
(b) The adjusted investor equity in the building; and
(c) Other capital contributions not reflected in the amounts above, and reduced by cash distributions from the Development.

(8) If the Corporation presents a “qualified contract” and the Applicant fails to enter into a bona fide contract to acquire the Development, as defined in Section 42(h)(6)(F) of the IRC, the Applicant shall irrevocably waive any right to further request that the Corporation present a “qualified contract” for the purchase of the Applicant’s interest in the Housing Credit Set-Aside portion of the Development and the Development will remain subject to the requirements of the Extended Use Agreement.

(9) In the event no buyer is found to acquire the Housing Credit Set-Aside portion of the building within one year as described herein, the Housing Credit Extended Use Period shall be terminated, and the units converted to market-rate.

(10) Pursuant to Section 42(h)(6)(E)(ii) of the IRC, the termination of an Extended Use Agreement shall not be construed to permit the termination of a tenancy, the eviction of any existing resident of any set-aside unit, or any increase in the gross rent with respect to any set-aside unit before the close of the three-year period following such termination. In no case shall any portion of a Housing Credit Development be disposed of prior to the expiration of the Extended Use Agreement.

To facilitate the transfer and return of the appropriated funding, as required by Chapter 2009-1, section 5 (Specific Appropriation 685) and sections 44 through 47, Laws of Florida, the Corporation shall:

(1) Reduce $5,027,511 of the Unexpended SAIL funding from Specific Appropriation 1616 of Chapter 2008-152, Laws of Florida, as required by Chapter 2009-1, section 5 (Specific Appropriation 685).

(2) Transfer $10,000,000 of the Unexpended homeownership funding from Specific Appropriation 1616 of Chapter 2008-152, Laws of Florida, to the SHIP Program, as required by Chapter 2009-1, section 44 of Laws of Florida.

(3) Transfer $9,846,695 of the Unexpended FHR/SHAD Program funds appropriated in Chapter 2006-69, section 31, Laws of Florida, to the SHIP Program, as required by Chapter 2009-1, section 45, Laws of Florida. The Corporation shall de-obligate Unexpended Funds awarded to Developments funded under the provisions of Emergency Rules 67ER06-49 through 67ER06-57 and Emergency Rules 67ER07-01 through 67ER07-10, as follows:

(a) FHR/SHAD Developments shall be listed according to the FHR/SHAD application instructions.

(b) Funding reductions shall be made by de-obligating Unexpended Funds from the lowest ranked FHR/SHAD Development to the highest ranked FHR/SHAD Development. FHR/SHAD Developments which proposed new construction shall have funds de-obligated before FHR/SHAD Developments which proposed rehabilitation.

(c) Funding shall be de-obligated in this manner until the required reduction of $9,846,695 in funds from these programs is met.

(d) Applicants with remaining program funds shall have all funding de-obligated if the amount remaining is not at least 75 percent of the funded amount.

(4) Transfer $23,000,000 of Unexpended SAIL funds appropriated in Specific Appropriation 1694 of Chapter 2007-72, Laws of Florida, and Specific Appropriation 1616 of Chapter 2008-152, Laws of Florida, to the SHIP Program, as required by Chapter 2009-1, section 46, Laws of Florida. For purposes of this rule, the following Corporation funding is excluded from consideration for de-obligation: SAIL Special Needs Program and EHCL. The Corporation shall de-obligate Unexpended SAIL funding awarded to Developments on the Unexpended 2007 List and the Unexpended 2008 List, as set out below. If a Development that has its total SAIL funds de-obligated also received ELI Supplemental Funds, such ELI Supplemental Funds will also be de-obligated. However, the de-obligated ELI Supplemental Funds will not be used for the purposes of transferring the Unexpended SAIL funds.

(a) The total 2007 Unexpended amount will be added to the total 2008 Unexpended amount, resulting in the total 2007/2008 Unexpended amount.

(b) The $23,000,000 amount to be transferred will then be multiplied by the Percentage of 2007 Unexpended Funding to be De-obligated, resulting in the 2007 Unexpended amount to be de-obligated.

(c) The $23,000,000 amount to be transferred will then be multiplied by the Percentage of 2008 Unexpended Funding to be De-obligated, resulting in the 2008 Unexpended amount to be de-obligated.

(d) The 2007 Unexpended medium county amount and the 2007 Unexpended large county amount will be determined by listing the Developments on the Unexpended 2007 List within each geographic category (medium county and large county) in the order selected for funding. There is no small county Unexpended Funding on the Unexpended 2007 List. To determine the amount of 2007 Unexpended medium and large county funding to be de-obligated, the Corporation shall:

1. Multiply the 2007 Unexpended amount to be de-obligated by the Percentage of 2007 Medium County Funding to be De-obligated, resulting in the 2007 Unexpended medium county amount to be de-obligated.

2. Multiply the 2007 Unexpended amount to be de-obligated by the Percentage of 2007 Large County Funding to be De-obligated, resulting in the 2007 Unexpended large county amount to be de-obligated.

(e) The 2008 Unexpended small county amount, the 2008 Unexpended medium county amount, and the 2008 Unexpended large county amount will be determined by listing the Developments on the Unexpended 2008 List within each geographic category (small county, medium county and large county) in the order selected for funding. To determine the amount of 2008 Unexpended small, medium and large county funding to be de-obligated, the Corporation shall:

1. Multiply the 2008 Unexpended amount to be de-obligated by the Percentage of 2008 Small County Funding to be De-obligated, resulting in the 2008 Unexpended small county amount to be de-obligated.

2. Multiply the 2008 Unexpended amount to be de-obligated by the Percentage of 2008 Medium County Funding to be De-obligated, resulting in the 2008 Unexpended medium county amount to be de-obligated.

3. Multiply the 2008 Unexpended amount to be de-obligated by the Percentage of 2008 Large County Funding to be De-obligated, resulting in the 2008 Unexpended large county amount to be de-obligated.
(f) Working in reverse order of funding within each geographic category, the Corporation will de-obligate Developments as follows:

1. Developments on the Unexpended 2008 List will be de-obligated until the total 2008 Unexpended amount is reached, by first de-obligating Developments in the 2008 large county category until the 2008 Unexpended large county amount to be de-obligated is reached, and then de-obligating Developments in the 2008 medium county category until the 2008 Unexpended medium county amount to be de-obligated is reached, and finally de-obligating Developments in the 2008 small county category until the 2008 Unexpended small county amount to be de-obligated is reached.

2. Next, Developments on the Unexpended 2007 List will be de-obligated until the total 2007 Unexpended amount is reached, by first de-obligating Developments in the large county category until the 2007 Unexpended large county amount to be de-obligated is reached, and then de-obligating Developments in the 2007 medium county category until the 2007 Unexpended medium county amount to be de-obligated is reached.

(5) Return $190,000,000 to the Treasury of the State of Florida, as required by Chapter 2009-1, section 47, Laws of Florida. For purposes of this rule, the following Corporation funding is excluded from consideration for de-obligation: SAIL Special Needs Program, EHCL, HAP, SHIP and SHIP compliance monitoring. The Corporation shall de-obligate Unexpended Funding from the following Corporation programs, in the following order, until such dollar amount is reached:

(a) All Developments awarded CWHIP Program funding, except for the following:

1. Developments that selected “Rehabilitation” in Part III.A.3. of the 2007 CWHIP application.

2. The highest ranked 2006 CWHIP Development, based on the January 26, 2007 final ranking approved by the Board, that has not closed on its CWHIP loan, withdrawn or been de-obligated by the Board and has timely paid the extension fee required by Rule 67-58.020(6) or Rule 67-58.070(6), F.A.C.; and

3. The highest ranked, eligible 2007 CWHIP Development, based on the May 2, 2008 final ranking approved by the Board, that has not withdrawn or been de-obligated by the Board.

A CWHIP Development that is not de-obligated because it met the above criteria will be required to meet specific program requirements as outlined in Rule 67ER09-4.

(b) All Developments awarded RRLP Program funding that have not closed on the RRLP loan or were not previously withdrawn or de-obligated by the Board.

(c) All Developments awarded SAIL Program funding prior to the 2007 Universal Application Cycle that have not closed on the SAIL loan or were not previously withdrawn or de-obligated by the Board, except for Developments funded in said Universal Applications in the HC Florida Keys Area special set-aside or Developments that committed to the SAIL Farmworker/Commercial Fishing Worker or Homeless demographic categories.

(d) All Developments on the Unexpended 2008 List with funds remaining that have not been previously de-obligated under this rule. If a Development that has its total SAIL funds de-obligated also received ELI Supplemental Funds, such ELI Supplemental Funds will also be de-obligated. However, the de-obligated ELI Supplemental Funds will not be used for the purposes of transferring the Unexpended SAIL funds.

(e) The Balance of the Unexpended Funding to be De-obligated will be met by de-obligating funds from the remaining Developments on the Unexpended 2007 List, as set out below. If a Development that has its total SAIL funds de-obligated also received ELI Supplemental Funds, such ELI Supplemental Funds will also be de-obligated. However, the de-obligated ELI Supplemental Funds will not be used for the purposes of transferring the Unexpended SAIL funds.

1. The Balance of the Unexpended Funding to be De-obligated will be multiplied by the Percentage of 2007 Medium County Funds to be De-obligated, resulting in the balance of Unexpended 2007 medium county amount to be de-obligated. Next, the Balance of the Unexpended Funding to be De-obligated will be multiplied by the Percentage of 2007 Large County Funds to be De-obligated, resulting in the balance of Unexpended 2007 large county amount to be de-obligated.

2. Working in reverse order of funding within each geographic category, the Corporation will de-obligate Developments on the Unexpended 2007 List that have not been previously withdrawn or de-obligated, as follows:

a. Beginning with the large county category, Developments will be de-obligated until the balance of Unexpended 2007 large county amount to be de-obligated is reached; and

b. Next, Developments in the medium county category will be de-obligated until the balance of Unexpended 2007 medium county amount to be de-obligated is reached.

A SAIL Development funded prior to the 2007 Universal Application Cycle that is not de-obligated will be required to meet specific program requirements as set out in Rule 67ER09-5 below.

A SAIL Development that is not de-obligated because it was excluded from the Unexpended 2007 List or the Unexpended 2008 List will be required to meet specific program requirements as set out in Rule Chapter 67-48, F.A.C.
67ER09-4 Community Workforce Housing Innovation Pilot Program.
CWHIP Developments that are not de-obligated under the provisions of paragraph 67ER09-3(5)(a) to meet the requirements of Chapter 2009-1, section 47, Laws of Florida, will be required to meet the following specific program requirements:
(1) Upon approval of the de-obligation by the Board, the Corporation will issue a notice to such Developments. Within 90 Calendar Days of the date of the notice, the Applicant must have received Board approval of a final credit underwriting report; and
(2) The CWHIP loan must close within 60 Calendar Days of the issuance of the firm commitment, with the option of one (1) 60 Calendar Day extension. All extension requests must be submitted in writing to the program administrator and contain the specific reason for requesting the extension. The Corporation shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge a fee of 1 percent of the CWHIP loan amount if the loan is extended.
(3) If a 2006 CWHIP Development that is not de-obligated is unable to meet the specific program requirements in paragraphs (1) and (2) above, then those CWHIP funds will be offered to the highest ranking unfunded eligible 2006 CWHIP Development, including those Developments that have been de-obligated, based on the final ranking approved by the Board at its January 26, 2007 meeting, provided the Applicant has not (i) withdrawn its request for funding, or (ii) closed on its CWHIP loan, or (iii) failed to pay the extension fee required by Rule 67-58.020(6) or Rule 67-58.070(6), F.A.C.
(4) If a 2007 CWHIP Development that is not de-obligated is unable to meet the specific program requirements in paragraphs (1) and (2) above, then those CWHIP funds will be offered to the highest ranking unfunded eligible 2007 CWHIP Development, including those Developments that have been de-obligated, based on the final ranking approved by the Board at its May 2, 2008 meeting, provided the Applicant has not withdrawn its request for funding.
(5) CWHIP Developments funded under the provisions of paragraph (3) or (4) above, will be required to meet the following specific program requirements.
(a) If the CWHIP funds that become available are less than the amount requested by an Applicant for an eligible Development, the Applicant may choose to accept the lesser amount or have the funds offered to the next highest ranked eligible unfunded application. In the event that there are no Developments that choose to accept the lesser amount, then the funds will be held until a time that additional funds may become available as a result of a funded Development being unable to proceed or until they are allocated as the Board deems appropriate.
(b) Within 90 Calendar Days from the award of funding, the Applicant must have received Board approval of a final credit underwriting report.
(c) The CWHIP loan must close within 60 Calendar Days of the issuance of the firm commitment, with the option of one (1) 60 Calendar Day extension. All extension requests must be submitted in writing to the program administrator and contain the specific reason for requesting the extension. The Corporation shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. Failure to meet these requirements shall result in de-obligation of the funding:
(1) Upon approval of the de-obligation by the Board, the Corporation will issue a notice to such Developments. Within 90 Calendar Days of the date of the notice, the Applicant must have received Board approval of a final credit underwriting report; and
(2) The SAIL loan must close within 60 Calendar Days of the issuance of the firm commitment, with the option of one (1) 60 Calendar Day extension. DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN THAT on March 16, 2009, the Criminal Justice Standards and Training Commission, received a petition for temporary waiver of paragraph 11B-21.005(8)(a), F.A.C., from Director William Wall and the Sarasota Criminal Justice Academy. Petitioner, therefore, requests that the Commission waive that portion of paragraph 11B-21.005(8)(a), F.A.C., which requires training school instructional staff to operate on 12-month, full-time contracts. A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. NOTICE IS HEREBY GIVEN THAT on February 12, 2009, the Board of Accountancy has issued an order. The Order is regarding the Petition for Waiver or Variance, filed on April 22, 2008, by Daniel Acheampong. The Notice of Petition for Waiver or Variance was published in Vol. 34, No.
20, of the May 16, 2008, Florida Administrative Weekly. Petitioner sought a waiver or variance of paragraph 61H1-28.0052(1)(b), F.A.C., entitled “Number of Sittings, and Granting of Credit, Release of Grades and Completion of Examination, Transition Rules” which requires candidates to pass all four test sections of the CPA Examination within a rolling eighteen-month period, which begins on the NASBA grade release for the first test section passed. The Board considered the instant Petition at a duly-noticed public meeting on June 11, 2008, in Tampa, Florida.

The Board’s Order, filed on February 12, 2009, denied the petition finding that Petitioner failed to establish that the purpose of the underlying statute, Section 473.306, Florida Statutes, would be met by granting a variance or waiver from paragraph 61H1-28.0052(1)(b), F.A.C. The Board further found that Petitioner had failed to establish that applying the requirements of the aforementioned Rule to his circumstances would violate principles of fairness and impose substantial hardship.

A copy of the Order may be obtained by contacting: Veloria Kelly, Division Director, Board of Accountancy, 240 N. W. 76th Dr., Suite A, Gainesville, Florida 32607.

DEPARTMENT OF HEALTH

NOTICE IS HEREBY GIVEN THAT on March 11, 2009, the Board of Medicine issued a Final Order on the petition for declaratory statement filed on behalf of Yvonne Smallwood Sherrer, M.D. The Notice of the Petition was published in Vol. 35, No. 3, of the January 23, 2009, Florida Administrative Weekly. The Board reviewed the Petition at its meeting held on February 7, 2009. The Board’s Final Order finds that under the circumstances outlined in the Petition and given the range of duties medical assistants are permitted to perform under Section 458.3485(2), Florida Statutes, medical assistants may perform IV infusion therapy as long as it is performed under the direct supervision and responsibility of a Florida licensed physician that is always present in the office whenever a medical assistant is providing the therapy to a patient.

A copy of the Final Order may be obtained by contacting: Board of Medicine, 4052 Bald Cypress Way, Bin #C03, Tallahassee, Florida 32399-3253.
The petition was granted and the Final Order provides the answers to the four questions regarding the permissibility of various interfacility transfer scenarios as they apply to both resident and non-resident patients of a licensee possessing a COPCN: 1. Transfer between two counties by a licensee possessing a COPCN from only one of the counties if the other county does not prohibit such transfer or transport is permissible. 2. Transfer or transport by a licensee through, but not to or from, one or more counties is permissible. 3. Transfer or transport by a licensee as part of a coordinated response to a disaster or mass casualty incident is permissible under one of three circumstances: the transfer or transport is to or from a county for which the licensee has a COPCN; the particular permitted vehicle is rotary winged and there is an applicable Mutual Aid Agreement; or the incident generating the transfer or transport falls under Section 401.33(2), F.S. 4. Transfer or transport by a licensee under an agreement sanctioned by the governing bodies of the affected counties is permissible under one of three circumstances: the transfer or transport is to or from a county for which the licensee has a COPCN; the particular permitted vehicle is rotary winged; or the incident generating the transfer falls under Section 401.33(2), F.S.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Lisa Walker, Government Analyst II, Bureau of Emergency Medical Services, 4052 Bald Cypress Way, Bin C-18, Tallahassee, FL 32399, Fax: (850)488-9408, Lisa_Walker2@doh.state.fl.us.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN THAT the Department of Financial Services, Division of State Fire Marshal has received the petition for declaratory statement from Cold Fire Law Enforcement Florida LLC., on or about March 3, 2009. The petition seeks the agency’s opinion as to the applicability of Section 633.061, F.S. as it applies to the petitioner.

Cold Fire Law Enforcement of Florida LLC., does not install, inspect or repair any fire extinguishers. They only sell Cold Fire. Their product is designed to augment the systems already in use by the departments and does not replace them. It is simply another tool used by first responders that will aid them in gaining valuable time should the product be needed. Sumter County Fire Rescue interprets the State Statutes as Cold Fire Law Enforcement of Florida LLC needing a dealer’s vendor license. Sumter County oversees many counties and is preventing Cold Fire Law Enforcement from moving forward at this time until they have clarification. Cold Fire Law Enforcement of Florida LLC does not maintain, repair, inspect or install any fire extinguishers. Their product is NFPA and UL approved and tested to be used as is.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604 or (850)413-4238, Fax: (850)922-1235 or (850)488-0697 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request: Lesley.Mendelson@myfloridacfo.com.

NOTICE IS HEREBY GIVEN THAT the Department of Financial Services, Division of State Fire Marshal has received the petition for declaratory statement from William Jolley on or about March 4, 2009. The petition seeks the agency’s opinion as to the applicability of Florida Fire Prevention Code Section 31.3.4.3.5.1 and 4.6.12.2. as it applies to the petitioner.

The first section cited above refers to existing buildings 4 stories or less as not being required to have an alarm system monitored. The second section cited above states if it is monitored under new then it always has to be monitored. Once the building has its final CO, and when our inspectors go to perform an annual inspection, it is now an existing building. We are concerned that there is conflicting language in the code and are unsure of which way to go. Question 1. If existing apartment buildings 4 stories or less are not required to have the alarm system monitored, do we require new buildings to be monitored? And if so, when the next annual inspection is performed, is it now an existing building and no longer required to be monitored? Question 2. If existing apartment buildings 4 stories or less are not required to have the alarm system monitored, what if the apartments in question already have a system that is monitored? Is it OK to allow them to discontinue the monitoring?

A copy of the Petition for Declaratory Statement may be obtained by contacting: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604 or (850)413-4238, Fax: (850)922-1235 or (850)488-0697 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request: Lesley.Mendelson@myfloridacfo.com.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection
between December 28, 2001 and June 30, 2006, go to
http://www.dep.state.fl.us/ under the link or button titled
“Official Notices.”

The Department of Environmental Protection
(Department) gives notice of its intent to issue a variance under
Sections 373.414(17) and 403.201, Florida Statutes, to the
Overboard, LLC., located at 4730 1st Street, Grant, Florida
32949 (File No. 05-291269-001) from the provisions of Part II
section 12.2.5 (Criteria for Evaluation) of the Applicant’s
Handbook for the St. Johns River Water Management District,
adopted by the Department in Chapter 62-330, F.A.C., which
restrict dredging or filling in, adjacent to, or in close proximity
to Class II waters or located in Class III waters that are
classified as approved, restricted, or conditionally restricted
for shellfish harvesting. The variance will allow the applicant
to reconfigure an existing 10 slip docking facility within Class II
waters classified as a Conditionally Restricted Shellfish
Harvesting Area.

Under this intent to issue, this variance is hereby granted
subject to the applicant’s compliance with any requirement in
this intent to publish notice of this intent in a newspaper of
general circulation and to provide proof of such publication in
accordance with Section 50.051, Florida Statutes. If no petitions or complaints are received within 30 days
date of publication, a final order will be issued by the
Department unless a sufficient petition for an administrative
hearing is timely filed under Sections 120.569 and 120.57,
Florida Statutes as provided below. If a sufficient petition for
an administrative hearing is timely filed, this intent to issue
automatically becomes only proposed agency action on the
application, subject to the result of the administrative review
process. Therefore, on the filing of a timely and sufficient
petition, this action will not be final and effective until further
order of the Department. When proof of publication is
provided, if required by this intent, and if a sufficient petition is
not timely filed, the variance will be issued as a ministerial
action. Because an administrative hearing may result in the
reversal or substantial modification of this action, the applicant
is advised not to commence construction or other activities
until the deadlines noted below for filing a petition for an
administrative hearing or request for an extension of time have
expired and until the variance has been executed and delivered.
Mediation is not available.

A person whose substantial interests are affected by the
Department’s action may petition for an administrative
proceeding (hearing) under Sections 120.569 and 120.57,
Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), Florida Administrative Code, a person whose substantial interests are affected by the Department’s action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, Florida Administrative Code.

In accordance with Sections 373.414(17) and 403.201, Florida Statutes, petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), Florida Statutes, must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), Florida Statutes, however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person’s right to request an administrative determination (hearing) under Sections 120.569 and 120.57, Florida Statutes.

A petition that disputes the material facts on which the Department’s action is based must contain the following information: (a) The name and address of each agency affected and each agency’s file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner’s representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner’s substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency’s proposed action; (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency’s proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency’s proposed action.

A petition that does not dispute the material facts on which the Department’s action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, Florida Administrative Code. Under Sections 120.569(2)(c) and (d), Florida Statutes, a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to issue a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), Florida Statutes, which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under rule 9.110 of the Florida Rules of Appellate Procedure with the Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department. The applicant, or any party within the meaning of Section 373.114(1)(a) or 373.4275, Florida Statutes, may also seek appellate review of the order before the Land and Water Adjudicatory Commission under Section 373.114(1) or 373.4275, Florida Statutes. Requests for review before the Land and Water Adjudicatory Commission must be filed with the Secretary of the Commission and served on the Department within 20 days from the date when the order is filed with the Clerk of the Department.

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), sub-subparagraph 62-4.242(2)(a)2.b., subsections 62-302.700(1) and 62-312.080(3), F.A.C., to allow the turbidity mixing zone to exceed 150 meters, to Escambia
Florida Administrative Weekly Volume 35, Number 12, March 27, 2009

County, 1190 West Leonard Street, Pensacola, FL 32501, and Florida Park Service – Perdido Key State Park, 3900 Commonwealth Boulevard – MS 500, Tallahassee, FL 32399 (File No. 0273340-002-EV) to establish a maximum allowable turbidity level above background for work within Gulf Island National Seashore, Outstanding Florida Waters (OFW). At the dredge sites, the mixing zone would extend 1,500 meters downcurrent of the dredge. At the beach placement areas, the mixing zone would extend 1,500 meters downrift from the point where water from the sand discharge pipe re-enters the Gulf of Mexico.

The Department’s file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 5050 West Tennessee Street, Building B, Tallahassee, Florida 32304-9201, (850)488-7708.

A person whose substantial interests are affected by the Department’s action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only pending. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department’s action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and paragraph 62-110.106(3)(a), subsection (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person’s right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department’s action is based must contain the following information: (a) The name and address of each agency affected and each agency’s file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner’s representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner’s substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency’s proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency’s proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency’s proposed action.
A petition that does not dispute the material facts on which the Department’s action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
