Getting to know

Peter Woods

Trainee / New Member of VCCAI!

Q: Where do you live and who do you work for?

A: I live in Lynchburg and work for Myers and Woods Appraisal Group.

Q: How long have you been appraising?

A: I started appraising last summer (2024) and am actively pursuing my Certified General licensure.

Q: Who is your supervisor as a Trainee and how did you meet them?

A: My supervisor is my dad, Wesley Woods, MAI. After several years working in government contracting, I decided to join the family business. Appraisal runs in the family - I'm the third generation to enter into the profession.

Q: What is the most unique property you've appraised?

A: An island within the Town of Farmville, Virginia.

Q: What is a fact about you, outside of work, that people would be surprised to know?

A: I'm a big Billy Strings fan - I've seen him live more than ten times, traveling to places like Red Rocks and Whitefish, Montana just to catch a show.

Q: What is the biggest benefit you've seen from your involvement in the VCCAI?

A: I just joined VCCAI last month! I plan to take advantage of scholarship opportunities and look forward to making connections in the profession through my membership.

Peter Woods - Licensed Trainee / New Member of VCCAI
